Subject: Fw: Capping and OSPAR EIHA meeting

Dear Dr Vivian

I enclose a response I have had from OSPAR regarding the meeting. They suggest that I contact you for a copy of the meeting document.
I am having a meeting with Chris Mullin MP tomorrow at which we are to discuss the OSPAR meeting so could you possibly e.mail me the document today so that we can use it at our meeting?

Thank you

Robert Latimer+

Subject: Capping and OSPAR EIHA meeting

Dear Mr Latimer,

Please find attached an extract about capping of dredged material. The full summary record from EIHA 2006 can be downloaded from the OSPAR website/meetings and document, but the meeting documents are only available for meeting participants. So in order to get the meeting document about the capping trial that the UK presented, you would need to contact Mr Chris Vivian.

Kind regards

Hanne-Grete Nilsen

Deputy Secretary

OSPAR Commission
