29th October 2008

Dear Mr Jackson,

Freedom of Information Request re: Port of Tyne Authority Licence 31995/04/1 – Confined Disposal Of Contaminated Dredge Material from the Port of Tyne docks to the sea at Souter Point

On the 1st November 2007, the Marine Conservation Society made a request under the Freedom of Information Act (2000) for copies of all documentation relating to the above disposal operation. This request included all documentation deriving from any subsequent work conducted in relation to the operation, including stakeholder review meetings and all supporting scientific documentation, up to 31st October 2007.

Under the Freedom of Information Act, MCS is now requesting copies of any documentation which has evolved between 31st October 2007 and 31st October 2008 relating to the above disposal operation.

We also request, under the Freedom of Information Act, copies of any other licence applications for disposal of contaminated dredge material using the above licensed method.

With thanks for your help in this matter,

Yours Sincerely,

Thomas Bell
MCS Coastal Pollution Officer
