Subject: FW: Defra Letter dated 5 April

Dear Rodney

As you are aware I made a request to Defra for information under the Freedom of Information Act on the 18th February, I received a reply on the 12th April but it neither answers my question or provides the information I requested, your department refers time and time again to information provided by Defra in the past, if I had such information then I would not be asking for the information. It is obvious Mr Bowles does not want to provide the information, using the excuse that information had already been provided. I request that you review my application under the Freedom of Information Act and answer both my questions and supply all of the information as requested? I reserve the right to make a formal complaint to the Information Commissioner that the Freedom of Information is not being adhered to by Defra.

Although I had previously provided dates for a meeting with Defra and as I had heard nothing until I had to once again make contact with Defra to remind them that they had requested the meeting, I cannot make the dates provided but furthermore it would be pointless to meet without receiving the information I have requested.

We asked the PoT to provide information, they referred us to Geoff Bowles but again he has failed to provide the information, can you tell us what have we to do to obtain information?

Bob Latimer

Department for Environment, Food and Rural Affairs (Defra)
