UNECE

Comprehensiveness

- Around 30 pages
- Executive summary (methodology, 3 main achievements, 3 main challenges): all but 2
- Methodology
- Overview of the national ageing situation: all but 3
- RIS Commitments: all but 2
  - Basis to identify areas of activity and gaps; need to be explicit about challenges
- Conclusions and priorities for the future: all but 2
  - bring out role of WGA
- Good practice examples

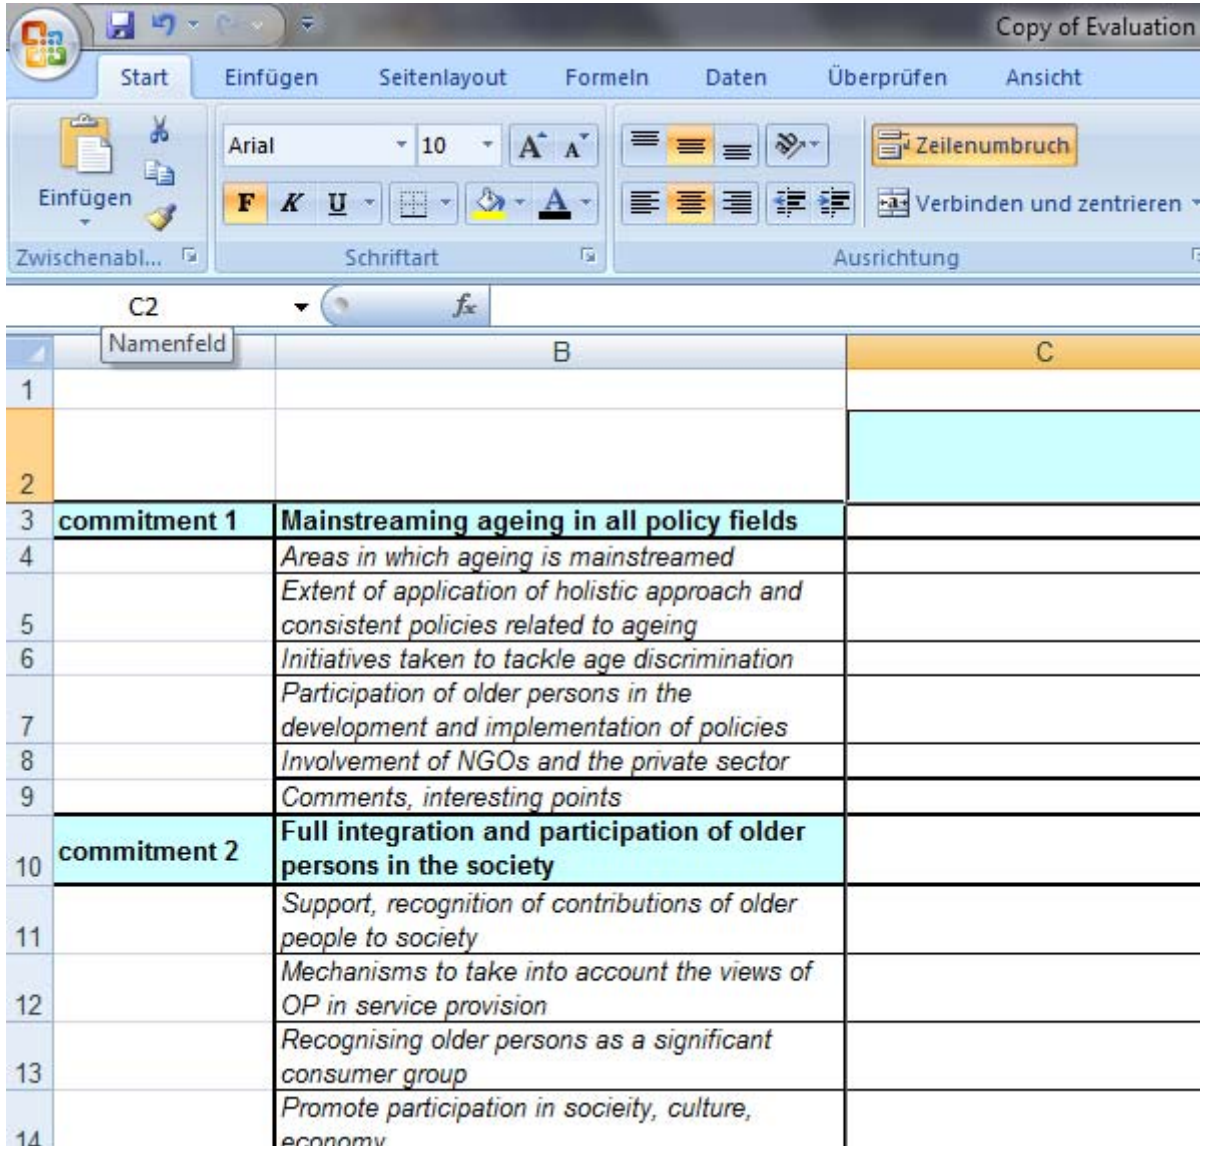
UNECE

Methodology

- Available print material, e.g. Plans, reports, research and statistical data
- NFPs or the Ministry in charge of ageing have involved other related ministries or government departments or other bodies; inputs from decentralized levels
- At least six countries - views from civil society representing older persons or individual older persons
- Several countries - consultations with scientific experts, private sector and international organizations

The synthesis report

- Analytical matrix to identify trends and gaps
- Your suggestions and comments on how to make this most useful are welcome!



1		
2		
3	**commitment 1**	**Mainstreaming ageing in all policy fields**
4		*Areas in which ageing is mainstreamed*
5		*Extent of application of holistic approach and consistent policies related to ageing*
6		*Initiatives taken to tackle age discrimination*
7		*Participation of older persons in the development and implementation of policies*
8		*Involvement of NGOs and the private sector*
9		*Comments, interesting points*
10	**commitment 2**	**Full integration and participation of older persons in the society**
11		*Support, recognition of contributions of older people to society*
12		*Mechanisms to take into account the views of OP in service provision*
13		*Recognising older persons as a significant consumer group*
14		*Promote participation in society, culture, economy*

UNECE

Preliminary findings

- National ageing strategies and plans developed, new institutions established
- Employment strategies: making it attractive for employees to work longer, providing incentives for employers to keep older people employed
- Sustainability of pension and social protection systems – avoiding poverty in old age
- Integration of health and social services, integrated approaches to long-term care, informal care, home-based care, service provision by NGOs and private sector

UNECE

Preliminary findings

- Health, prevention, access and quality of medical services, training of staff dealing with older persons, rights of patients
- Avoid violence and abuse
- Awareness raising, combating ageism
- Gender-related activities
- Affordable and adequate housing, public transport
- Cultural and political participation, develop the volunteer sector
- ICT for independent living, silver economy
- Migration
- M&E of MIPAA/RIS, better indicators for evidence-based policies
- Implementing new policies and strategies
