The Norwegian GGP

GGP International Working Group Meeting

13 June 2012, Stockholm

Lars Dommermuth

Statistics Norway

The Norwegian GGP

- Wave 1 is harmonized by NIDI and hopefully used at lot!
- Wave 2: No funding at this point

- In the meantime:

ACCESS (national infrastructure project)

  - Created an “Easy- to-use Panel file” which includes parts (aged 40+) of the Norwegian GGS: NorLAG is Wave 1 and GGS is Wave 2
  - Added a few selected register data (deaths, marital status, education, births, income, pension) to Norwegian data (not harmonized to GGS)
  - Files are freely accessible!
  - Find out more under: http://norlag.nova.no
