Information Exchange: national databases and other resources

Informal list of cases 2010

Following decision III/6 on Information Exchange on Environmental Impact Assessment in a Transboundary Context, taken by the Parties at their third meeting in Cavtat (Croatia) in 2004, the ENIMPAS database ceased operation. (See meeting report.)

Data previously available on ENIMPAS - simple format with information grouped by country.

National focal points are invited to provide links to national databases and other information, including annual statistics on numbers of Espoo cases.
