Schedule for Flex-TEG Activities
(DRAFT, 15 Nov. 2005)

	2005						2006												2007											
	7	8	9	10	11	12	1	2	3	4	5	6	7	8	9	10	11	12	1	2	3	4	5	6	7	8	9	10	11	12
Flex-TEG Meeting			●		○				○						○						○						○			
Development (Modification)																														
Modification Activities					(J-MLIT, JAMA,)												(J-MLIT, JAMA,)													
Production of Modified Impactor	Flex-G												Flex-GT											Flex-GTR (usability mod. only)						
Evaluation as a Regulatory Test Tool																														
Usability		(BASt, J-MLIT, JAMA, ACEA, Korea,)																												
Repeatability		(BASt, J-MLIT, JAMA, ACEA, Korea,)																												
Reproducibility		(BASt, J-MLIT, JAMA, ACEA, Korea,)																												
Durability		(BASt, J-MLIT, JAMA, ACEA, Korea,)																												
Comparison for above issues (TRL-LFI and Flex-PLI)		(BASt, J-MLIT, JAMA, ACEA, Korea,)																												
Review for the Injury Thresholds																														
Leg				(J-MLIT,)																										
Knee				(J-MLIT,)																										
Technical Feasibility Study				(JAMA, ACEA,)																										
Evaluation of Protection Level (provided by the Flex-PLI and the new threshold values)				(J-MLIT,)
