### Correction of footnote b to the instructions in writing

#### Transmitted by the Government of Germany

##### *Summary*

<b>Executive summary:</b>	Error in 5.4.3.4 footnote b to the instructions in writing is corrected
<b>Action to be taken:</b>	Correction of footnote b to the instructions in writing

### Introduction

1. In the current version of ADR, footnote b to the instructions in writing only makes reference to danger label number 9.
2. A review has shown that footnote b to the instructions in writing should not only make reference to danger label number 9 but also to danger label number 9A.
3. Therefore, in the new version of ADR 2019, the enumeration of danger label numbers in footnote b to the instructions in writing should be amended accordingly.

### Proposal

4. **5.4.3.4** Amend “8 or 9” in the enumeration of danger label numbers in footnote b to read as follows: “8, 9 or 9A”
