***Third meeting of the Informal Working
Group on recreational navigation
1-2 October 2018***

***SOLUTION & OPPORTUNITES
PROPOSAL***

Palais des Nations,
Geneva

Contents

1. Problems
2. ISSA EU funded project
3. Solution

Problems

1. Marketing budget
2. State Administration recognition
3. Training and teaching quality control

ISSA EU funded project

ISSA conducts an EU funded project that aims to develop networks across the Mediterranean to improve training and recognition of professional skippers of Small Commercial Vessels with the ultimate goal of boosting charter and nautical tourism.

ISSA EU funded project

Project **allocates substantial resources** to build on stakeholder's opinions and knowledge in order to:

- identify market gaps
- improve public-private cooperation and harmonisations in regards of training
- foster international license recognition,
- improve trainees and instructors mobility
- provide effective collaboration across training and nautical tourism stakeholders at sea basin level.

Solution

Obvious synergy between the ISSA Project and Informal Working Group on recreational navigation

***Third meeting of the Informal Working
Group on recreational navigation
1-2 October 2018***
