Fifty-seventh session

Geneva, 26-30 March 2007

Item 4.7. of the provisional agenda

REGULATION No. 48

(Installation of lighting and light-signalling devices)

Definitions

Proposal for draft amendments to Regulation No. 48

Submitted by the expert from the International Organization of Motor Vehicle Manufacturers

The text reproduced below was prepared by the expert from the International Organization of Motor Vehicle Manufacturers (OICA) suggesting to disregard the projection of service-door-lighting systems during determination of the vehicle extreme outer edges. The modifications to the current text of the Regulation (up to Supplement 1 to the 03 series of amendments) are marked in **bold** characters.

Note: This document is distributed to the Experts of the Working Party on Lighting and Light-Signalling (GRE) only.

A. PROPOSAL

Insert a new paragraph 2.14.6., to read:

"2.14.6. of service-door lighting systems on vehicles of categories M₂ and M₃ as specified in paragraph 2.7."

B. JUSTIFICATION

As with other devices mounted on the side of a vehicle, service-door lighting systems should be disregarded when determining the extreme outer edge of a vehicle.
