

**UNECE Regulation No. 13**  
**Proposed changes with regard to Revision 6**  
**Proposal in addition to ECE/TRANS/WP.29/GRRF/2008/3**

**A. PROPOSAL:**

Annex 13

Paragraph 4.2., amend to read:

"4.2. Power-driven ..... such a system, ~~with the exception of vehicles of category N1,~~  
shall be ..... conforming to ISO 7638:1997<sup>4</sup>."

**B. JUSTIFICATION:**

The above proposed amendment brings the requirements of Annex 13 in line with the amendments proposed to the Regulation under ECE/TRANS/WP29/GRRF/2008/3.

A N<sub>1</sub> vehicle equipped with an anti-lock system and authorized to tow a trailer equipped with an anti-lock braking system should be fitted with a separate optical warning signal for the trailer ABS.
