

***Report to the 192nd WP.29
session
from the 44th IWG on IWVTA***

■ Please consider the following item.

1. IWVTA IWG submitted an Informal Document regarding amendments to Transitional Provisions Guidelines (ECE/TRANS/WP.29/1044)
 - ✓ The term “preceding series” as singular or plural
 - ✓ C.9. and C.9.bis. Amendment
 - ✓ Special case 1-1,1-2,1-3

■ Please take note of the following items.

2. The IWVTA IWG has started a review of amendments related to the UN R0/07 series. While this is an annual update, there might be no updated UNR where M1 category vehicles are affected by the changes introduced by that UNR this year. Therefore, UN R0/07 series might not be updated this year.
3. The IWVTA IWG has considered the method how to notify the acceptance of L-IWVTA in case the concerned UN R is “unnecessary for L-IWVTA” using Doc343, specifically its columns and footnotes.

(Example Screen of Doc343 Platform)

UN Regulation No. 43

Uniform provisions concerning the approval of safety glazing materials and their installation on vehicles

Date of entry into force of the latest 01 series of amendments: 28/10/2011
