Subject: Concerning access to information on distribution of medicine to Danish livestock (ACCC/C/2008/28)

Dear Fiona Marshall

In letter dated 17.october 2011, the ACCC asked for information concerning the final conclusions of the Danish Ombudsman.

The final conclusion of the Danish Ombudsman is attached as a PDF-file (In Danish).

Main points of the Ombudsman:

- The information in Vetstat is "Environmental Information".
- The description of the requested information meets the requirements that the requested information must be described in order for the authorities to identify the requested information.
- The Ministry of The Ministry of Science, Innovation and Higher Education has not fully explained that disclosure would affect the confidentiality of commercial information.
- Therefore, the Ombudsman asks the Ministry of The Ministry of Science, Innovation and Higher Education to resume the case.

Best regards
