Ms. Barbara Anning,

Department for Environment, Food and Rural Affairs (DEFRA)
Area 1 Nobel House, 17 Smith Square
London SW1P 3JR, United Kingdom

Dear Ms. Anning,

Re: Communication to the Aarhus Convention Compliance Committee concerning compliance by the United Kingdom with provisions of the Convention in relation to the Crossrail project (ACCC/C/2011/61).

On 21 August 2011, the secretariat of the Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters (Aarhus Convention) received the above communication addressed to the Compliance Committee of the Convention. The communication concerns compliance by the United Kingdom with provisions of the Convention on public participation and access to justice in relation to the planning of the Crossrail project in the metropolitan London area. The communication was submitted in accordance with the provisions of chapter VI of the annex to decision I/7 of the Meeting of the Parties.

Please find enclosed a copy of the communication, which is being forwarded to you at the request of the Committee in accordance with the provisions of paragraph 22 of the annex to decision I/7.

The communication has been registered under the symbol ACCC/C/2011/61, which you are invited to cite in future correspondence on the matter. The main documentation relating to the communication will be shortly available on the Committee's website at: <http://www.unece.org/env/pp/pubcom.html>.

The Compliance Committee, having considered the admissibility of the communication at its thirty-fourth meeting (20-23 September 2011), has on a preliminary basis determined it to be admissible in accordance with paragraph 20 of the annex to decision I/7. A copy of the preliminary determination on admissibility is attached. Please note, however, that the Committee has not reached any conclusions with respect to the compliance issues referred to in the communication.

The Committee also noted that the new communication shared a number of elements with the pending communication ACCC/C/2011/60, but its approach was more focused on a specific planning process, that of the Crossrail. Therefore, the Committee decided that communication ACCC/C/2011/61 should be considered in parallel to communication ACCC/C/2011/60.

Having regard to paragraph 23 of the annex to decision I/7, you are kindly invited to submit to the Committee, as soon as possible but at the latest within five months of the date of this letter (i.e. **18 March 2012**), any written explanations or statements clarifying the matter referred to in the communication and describing any response that may have been made in the meantime. Given communication ACCC/C/2011/61 and ACCC/C/2011/60's common elements, although under no obligation to do so, you are welcome to provide your reply to this communication together with the response to the communication ACCC/C/2011/60 by the latter's deadline of 27 December 2011 if you so wish. We note that that date is also the deadline for responding to the expanded allegations in communication ACCC/C/2010/45.

Please provide any supplementary documentation which is necessary to substantiate your response to the questions. At the same time, you are encouraged to avoid submitting to the Committee excessive documentation which is not strictly relevant to the allegation of non-compliance. In providing your response, please note that you should explicitly comment on the communication itself and the allegations contained therein, as well as addressing the questions raised by the Committee.

Please do not hesitate to contact the secretariat if you have any questions.

Yours sincerely,

Fiona Marshall
Acting Secretary to the Aarhus Convention Compliance Committee
