Subject: Hearing EIA Temelin 3+4 Germany

Dear Madam,

I would like to thank you for your request concerning the Czech intention to enlargement our nuclear plants. As you know, the Czech Republic tends to encourage the development of such a source of energy for the future.

Let me inform you that the Prime Minister of the Czech Republic Mr Petr Necas fully respects your points of view regarding the topic of EIA which falls within the Ministry of Environment, Czech Republic, cognizance in our country. Therefore, I suggest to turn to this government department regarding your request.

As you have been informed, the Prime Minister has written a letter to the Kanzlerin Merkel about the „Temelin discussions“ and I am sure it will be opened to the whole spectra of public sector.

Sincerely,

Madam
