Subject: FW: ACCC C90: questions to the UK

Dear Fiona

We have been preparing a response to the questions from the Committee (dated 16 January 2018). There is a vast amount of the information required to answer the questions. The various pieces of information had been put away in storage. Some for several years. The storage sites were not on the same sites as the policy leads preparing the reply. As the relevant information needed was only discovered yesterday, we will not be in a position to reply to the Committee by their 13 February deadline.

Could you please therefore ask the Committee Chair for an extension for the UK to provide the responses by close on Monday 26 February given the circumstances I outline above?

I am copying this email to Mr Blackwood for information.

Regards
Ahmed
