Subject: ACCC/C/2014/119 (Poland) - response to the Party concerned's email

Dear Sir/Madam,

With reference to the email from the Party concerned sent to Frank Bold Foundation yesterday, I would like to present our position.

In Foundation opinion, our paper does not present any argumentation expanding the substance of the communication. Furthermore, the document was send on 30th May 2016 - within three weeks before the Compliance Committee meeting. This is according to the rules of Aarhus Convention Compliance Mechanism.

Considering above I ask to take our last paper into consideration.

Best regards,
