

Białystok, 2013.10.09

Vice-Governor of Podlasie
15-213 Białystok, ul. Mickiewicza 3
WI-V.742.2.2.201 3.AM

Dear Ms. Agnieszka Baudet
Legal counsel representing
residents of the Bakalarzewo commune
Kancelaria Radcy Prawnego „Agra”
Ul. Kościuszki 7/1
11-700 Mragowo

Madam.

Answering your letter of 24/09/2013. / Influence to the Governor
Podlasie on 27/09/2013 / including a request to forward Investor's letters which
would indicate the requests of residents of Bakalarzewo to change the course of the subject route
I would like to kindly inform you that at many meetings that took place in the period
preparatory proceedings before the Voivod's implementation of the procedure described in art. 12
paragraph. 3 of the Act of March 27, 2003. about planning and spatial development
(Dz.U_2012.647 as amended) representatives of the Investor repeatedly reported that the course of
the route

the planned 400 kV line in the Bakalarzewo commune, for which the Investor has applied and
which

it is different from the course included in the currently applicable development plan
spatial Podlasie Voivodship is the effect of many consultations with residents, during
which no objections were raised about the course, but only a change of line was requested
overhead on cable. This course is also a consequence of the existing regulations
environmental as well as environmental impact assessment.

From the above-mentioned letters it simply does not follow that at the residents' request it was
changed

[400 kV line] route from a straight line to Bakalarzewo surrounding. However, from the context of
these

Letters come to the conclusion that if the residents did not object to the proposed
by the investor of the course and only demanded the change of the overhead line to cable, this
change of course took place after consultation with residents and authorities of the Municipality of
Bakalarzewo.

In confirmation of the above, I am sending a photocopy of investor's letters containing information
on this subject.

At the same time, I would like to point out that at any time you can apply to the Municipal office
and to the Investor, who conducted the whole proceedings, for documents confirming the course of
works related to the Investor's selection of the final location of 400 kV in the municipality of
Bakalarzewo

Sincerely

Deputy Voivode of Podlasie, Wojciech Dzierzgowski
