WOJEWODA PODLASKI

ul. Mickiewicza 3

15-213 Białystok

RIG.6724.11,2013

The Municipality of Bakałarzewo informs that it was signed by the Commune Head Bakałarzewo - an ordinance regarding taking into account and disregarding submitted comments to the project of the study of conditions and directions of spatial development and spatial development plan.

In connection with the construction of the connection power engineering Poland - Lithuania.

By the decision of the Commune Head, account is taken of concerns for health, because it is not reliable

results of studies on the impact of the 400 kV line on human health.

Planning works In the area of drawing up a local spatial development plan

Bakałarzewo commune and study of conditions and directions of spatial development stopped at this stage.

According to the commune administrator and commune council, the line should run at an appropriately larger distance from

the nearest buildings or an underground line should be used
