RIG.6724.11.2013

On behalf of the Commune Council and the Head of the Bakałarzewo Commune we announce that the position of the Commune Head and the Commune Council has not changed. The investor did not communicate with the residents, there are still strong protests and we are not able to continue planning works on the study of conditions and directions for spatial development and the spatial development plan with regard to the implementation of the construction of the Poland-Lithuania power interconnection.

We are not able to solve this difficult situation.
