Apologies in the delay in getting back to you. This has proven to be a more complicated case than I thought.

I made contact with the property management division of Coillte and I have been advised that the sale of Kilcooley Abbey has been completed and that as part of the process Coillte has sold their lease to the new owner.

As already outlined to you Coillte Teoranta was established as a private commercial company under the Forestry Act 1988 and day to day operational matters such as the management of their property and land transactions are the responsibility of the company.

Minister Hayes would appreciate it if Slieveardagh Rural Development could keep him apprised of their projects and to contact him immediately if you require any assistance in the future.

Regards,

Paul
