Subject: Re: ACCC/C/2016/139 (Ireland) - to the communicant

Dear Ms Marshall,

Just to clarify - in relation to the below request to the communicant to reply to the specific matters indicated on page 21 of the Party Concerned's submission of the 5th of May 2017 here:

https://www.unece.org/fileadmin/DAM/env/pp/compliance/C2016-139_Ireland/frPartyC139_05.05.2017_response.pdf

- we have nothing to add by way of observation to the response being made by the communicant at this point, other than our support and concern of the matters raised therein in relation to these systemic and legislative issues.

We look forward to the further deliberations of the Committee on this important communication, and to continuing to engage as appropriate in an observer capacity.

We thank- you and your colleagues and the committee for keeping us apprised.

Kindest Regards

Attracta Uí Bhroin, ELIG Facilitator at the IEN
