Before completing this form, please read the 'Notes on completion of Form P1' and the 'Explanatory Notes on Applying for Planning Permission, Approval of Reserved Matters and Other Planning Consents.'

It is your responsibility to ensure that you have submitted all the relevant information to allow your planning application to be considered. Please note that failure to comply will result in your submission being immediately returned to you.

Ways we can help you

- Read the Explanatory Notes on Applying for Planning Permission, Approval of Reserved Matters and Other Planning Consents, and Notes on Completion of Form P1 (included within your planning application pack), or
- Visit our website at www.planning.gov.uk or
- Discuss any queries with your nearest Divisional Planning Office.

What you will need

► Forms

It is vital that the Form P1 is fully completed, with 7 copies all duly signed and dated. Photocopies of the original are acceptable. You may need other forms – 'Supplementary Forms' – depending on the type of proposal you are applying for. Use Page 2, overleaf, to check if you need Supplementary Forms.

► Plans and Drawings

Planning applications are open to the public for inspection and comment. It is essential that drawings are clear and precise; this will avoid misinterpretation, which could delay your application or lead to objections.

Due to the many different types of planning application, this note cannot cover all possibilities. Refer to the Explanatory Notes for further details.

All planning applications require:

- an accurate, up-to-date Ordnance Survey site location plan to scale not less than 1:2500 clearly showing the boundary of the application site outlined in red. Any other land owned by the applicant should be shown with a blue line around its boundaries, and if a public right of way exists

within or adjoining the site, it should be outlined in green.

In addition to the above:

Applications for Full Permission or Approval of Reserved Matters must include:

- a site layout/block plan to a scale not less than 1:500 showing the proposal in relation to the boundaries of the application site and neighbouring properties. All boundary treatments should be clearly annotated.
- existing and proposed floor plans to scale 1:50 or 1:100. You should clearly mark the new works, by using colour.
- all existing and proposed elevations to scale 1:50 or 1:100 giving details of the materials to be used in the external finish of walls and roofs and their colour. You should also include elevations of the boundary treatments including any walls, gates and fences etc.
- relevant cross-sections and existing and proposed levels to scale.

Applications for residential development proposals (with the exception of proposals for single dwellings in the countryside) must include:

- a site appraisal/analysis and a resulting concept plan and statement placing the development in its context and demonstrating how the design and layout have been conceived. (refer to Planning Policy Statement 7 (Quality Residential Environments))

Please submit 7 copies of drawings with your planning application. All drawings should have a title, be to scale and be in metric i.e. metres and centimetres. Drawings should show the whole of the property.

► Fee

With most planning applications a fee is payable. It is essential that the correct fee is enclosed to avoid your application being returned. Please refer to 'Planning Fees – Explanatory Notes for Applicants'.

You should note that during processing, further information and details may be requested to enable us to determine your application.
