Subject: Re: Decision V9c (Belarus) - clarification question

Dear all!

I attached to this letter the document "ТКП 17.02---08---2012" titled as "Технический кодекс устоявшейся практики. Правила проведения оценки воздействия на окружающую среду и подготовки отчета".

It contains part "Приложение Ж" (Attachment Ж) to which refers this part of text.

Best regards,
Tatyana Novikova

Dear Ms. Novikova,

We refer to your statement dated 7 December 2016 received today. We have a small clarification question in that regard. Where it states:

"-пункт 6.с. о четких требованиях в отношении формы и содержания публичного уведомления, требуемого в пункте 2 статьи 6 Конвенции; форма уведомления установлена Приложением Ж к ТКП 17.02---08---2012;"

it is not clear to the Secretariat what the appendix referred to is. If it is an indeed an annexed public notification form, it would also be most useful if you would submit it for the purposes of the Committee, if it is available to you. Otherwise it would be helpful if you could inform the Committee to which Act this form has been annexed.

Thank you very much in advance for your assistance.

Best regards,

Aarhus Convention secretariat
