To the members of the Aarhus Convention Compliance Committee,

We would foremost like to express our gratitude to the members of the Compliance Committee for accepting the delivery of the belated 2011 and 2014 national implementation reports of the Republic of Macedonia, and welcome the findings that the non-compliance status is remedied, thus refraining the Committee from presenting further recommendations.

We assure you of our further efforts and participation in the Aarhus Convention activities and we look forward to our future cooperation.
