  - Global Market Dynamics Amid Volatile Currencies
  - Visit our webpage for all information

<http://www.woodmarkets.com/conference/conferences-vancouver/2016-conference/>

New perspectives and outlooks on exporting regions and key markets to help you better understand new opportunities, evolving issues and possible threats to the commodity log and wood products trade (including foreign exchange risks).

In conjunction with:

- Pulp & Paper Producers Council Annual Meeting May 1 – 3, 2015
- PwC's 29<sup>th</sup> annual Global Forest & Paper Industry Conference - May 4, 2015

International WOOD MARKETS Group Presents:

## Russia & China Tours & Conference September 11 – 23, 2016

- Sept 11-17** Siberia Forest & Industry Tour (limited to 16 participants – sign up now!)
- Sept 18-19** Northern China/Russia Border Tour
- Sept 20** China Wood Products Market, Supply Chain/Logistics Conference, Qingdao China
- Sept 21-23** China Industry & Port Tour

These events will allow attendees to understand the new competitiveness of Russia in export markets, from its devalued ruble and the evolving uncertainty in the China market, including the changing exporters of log and lumber to China. Choose one or all of these events to gain excellent insight of what's actually going on and obtain first-hand knowledge of the direction of Russian exports and Chinese imports.
