

Informal Working Group of GRE - “Operating Voltage”

OVIG-2007-01

Karlsruhe, 20 April 2007

Subject: “Operating Voltage”- Informal Working Group of GRE - 1st Meeting

I would like to invite you kindly to the first meeting of the “Operating Voltage”- Informal Working Group of GRE.

Please find attached the agenda of the first meeting at 19 to 20 June 2007 and the report of the preliminary “0” meeting of the “Operating Voltage”- Informal Working held on 7 September 2006.

I would like to take this opportunity to request you for information concerning the issues that were raised to the whole complex of “Operating Voltage”, vehicle electrical network, electrical supply concepts, electrical control gear concepts, may be EMC, etc. The plan is to have at the beginning a small “Work Shop” with some presentations, which give us an introduction in the state of the art of technical possibilities to handle this questions.

Please send me as soon as possible your possible input (documentation, presentations, etc.) for organisation of this first part of our first meeting, but please **not later than 18th of May!**

The co-ordinates for the next informal working group meeting are:

Date: 19 to 20 June
