

*Ref.: DRAFT Regulation
No. xxx*

19. December 2003

Submitted by the Expert from GTB-AFS

After consideration of the Draft Regulation on AFS, as it results after the 5th session of the GRE-AFS Group, GTB-AFS is presenting the additional proposals reproduced below.

PROPOSAL(new text is displayed in **bold**)

- 1.) Paragraph 2.1.5.1., delete "and its objective luminous flux".
- 2.) Delete paragraph 4.1.7.3. and transfer its (unchanged) text into a new paragraph 5.1.1. reading:
"5.11. In the case of a system according to paragraph 4.1.7. above, the system shall be accompanied by a copy of the form according to paragraph 4.1.4. above and instructions to enable its installation according to the provisions of Regulation No.48."
Rationale: editorial issue; this is a general provision.
- 3.) Paragraph 6.4.6., amend to read as follows below, and, amend the respective provision in annex 1, paragraph 9.4. accordingly:
"6.4.6. It shall be stated by means of a form conforming to the model in annex 1 to this Regulation, which lighting unit(s) provide a "cut-off" as defined in Annex 8 of this Regulation, that projects into a zone extending from 5 deg left to 5 deg right and upwards from a horizontal line positioned at 0.8 deg down."
Rationale: relevant safety aspects are covered by this requirement.
- 4.) Correct annex 3 table 3 line 3 to read "H-H" instead "V-V" (twice).
- 5.) Amend annex 10, form 2 as follows:
Headline of 3. column to read:
"and provisions of paragraph 6.4.6. of this Regulation apply 3/ "
Headline of 4. and 6. column to read:
" individual ("master") 3/ "
Headline of 5. and 7. column to read:
" linked to "master" unit no. 4/ "
Footnote 5/ to read:
*"Information such as e.g.: the order of adjustment of lighting units or assemblies of lighting units, any additional **provisions** for the adjustment process."*

Rationale: relative to the provisions of annex 8 (former annex 9), in its amended form after the 5th GRE-AFS session.
