

***In accordance with [ insert reference to specification for Manufacturer's Declaration ] the Manufacturer shall provide a Declaration of Compliance to the requirements of Annex 10.***

***The Technical Service [shall] accept this declaration without requiring a test to be conducted, unless examination of the vehicle design or observation of the noise behaviour provides reason to suspect that the noise pattern of the vehicle outside the conditions of the Annex 3 test is other than what would normally be expected.***

***On decision of the Technical Service, the manufacturer, on an exception basis, shall provide additional information about the design of the noise reduction system and/or shall carry out the test according to Annex 10.***
