

Regulations that are mandated in the South African Motor Vehicle Compulsory Specifications for Category M1 vehicles

UNECE Regulation	Series	Item	Category (as per IWVTA-02-05)		
			a	b	c
1	00	Headlamps emitting an asymmetrical passing beam and/or passing beam (filament)	x		
2	02	Headlamps	x		
3	02	Retro-reflective devices	x		
4	00	Rear registration plate lamp	x		
5	01	Headlamps (sealed beam)	x		
6	01	Direction indicators	x		
7	01	End-outline marker/front-side/rear-side/stop lamps	x		
8	04	Headlamps	x		
10	01	Radio interference suppression	x		
11	02	Door latches and hinges	x		
12	02	Behaviour of steering device under impact	x		
13	08	Braking	x		
13H	00	Braking	x		
14	02	Seat belt anchorages	x		
15	00	Emissions, power and fuel consumption	x		
16	03	Seat belts	x		
17	02	Seat strength	x		
18	01	Protection against unauthorized use	x		
19	01	Front fog lamps	x		
20	02	Headlamps emitting an asymmetrical passing and/or driving beam lamps (halogen)	x		
21	01	Interior fittings	x		
23	00	Reversing lamps	x		
24	00	Emission of visible pollutants and power	x		
25	02	Head restraints	x		
27	03	Advance warning triangle	x		
28	01	Audible warning devices	x		
30	00	Tyres(motor vehicles and their trailers)	x		
31	01	Headlamps (halogen sealed beam)	x		
37	02	Filament lamps for use in approved lamps	x		
38	00	Rear fog lamps	x		
39	00	Speedometer	x		
43	00	Safety glazing	x		
44	01	Child restraint systems	x		
46	00	Rear view mirrors	x		
48	00	Installation of lighting and light-signalling devices	x		
51	00	Noise emissions	x		
83	04	Emissions	x		
94	00	Frontal collision (protection of occupants)	x		
101	02	CO2 emission/fuel consumption	x		

Note:

- 1) Items type approved at a higher series level are accepted.
- 2) Items complying to corresponding gtr's are deemed to comply.
- 3) M1 vehicles fitted with type approved items that are not referred to in the South African mandatory requirements are accepted providing they are applicable to right hand drive vehicles. South Africa does not permit the importation of left hand drive vehicles.
