Dear Ms Inger Bjurstrøm,

Thank you for your letter of 27 June 2006, addressed to the Director-General, requesting access to information, public participation and access to justice in international forums dealing with matters relating to the environment.

We wish to compliment you on the comprehensive consultation process undertaken with this convention. We have circulated the information provided to the relevant technical units as well as the focal points for our FAO committees on agriculture, fisheries, forestry, commodity problems and the Committee for Genetic Research for Food and Agriculture. They will take this matter under consideration or take the option of informing these governing bodies.

With regard to a possible future international workshop on this topic, we would like to be kept informed of the data and agenda, in order to consider our possible participation at the time.

Yours sincerely,

Alexander Müller
