"Golden Spoon" Ice Cream – IGS Project

PART B Example

Hungary

Progress status: Main financing identified; partner required

Sponsor organizations: IGS Company; Csoki Bank, Budapest

PROJECT SUMMARY

Description

The IGS Project is a Hungarian initiative to produce a high-quality ice-cream for the domestic market. The Budapest-based IGS Company is already covering 7 per cent of the market. A foreign investor is required to increase the production and achieve in 5 years a 40 per cent share of Hungary's ice-cream production (Business Plan available on request).

A new production system will be built during the next six months and the first phase of construction will begin in April 2003. The new Company will create about 5 new jobs. The project will be managed by the "New IGS Company" which has already 60 per cent of the necessary investment. Technical Cooperation is needed for the definition of the distribution/ transport phases.

Capital cost: EUR 120,000 (of which EUR 70,000 for new equipment)

Capital resources available from sponsors: EUR 75,000

Required financial assistance: EUR 45,000

Market demand and revenues

The market study shows a potential 100,000 customers (i.e. sales of individual ice cream pieces, 5 % of the total Budapest market). Estimated production is 8 tons per year after 5 years. Pricing strategies have been made in a preliminary form (see Business Plan).

The revenue forecast shows total sales from EUR 55,000 Euro during the first year to EUR 100,000 in the fifth year of production. The expected net income value ranges from EUR 25,000 in the first year to EUR 60,000 in the fifth year of operation.
