Lessons
The IBC Adolescent & Youth provides a space and framework for collaboration

- Works best when:
  - There is a clear demand from UNCTs
  - 1,2 or 3 agencies lead and invite agencies to join

- Does not work well when:
  - Regional/all IBC push for joint action

Limitations
- Not well suited for UN strategic initiatives pushed from regional level
- Limited time of member create challenges drawing on IBC resources
2020 Workplan
