Domain Coordinator: Andrea Hampton
Single Window Domain

WG Expectations in Marseille:

• To determine and agree on the approach to finalise Recommendation 36 on Single Window Interoperability

• To identify new projects within the SW Domain
Recommendation 36

• Draft v.1 has been distributed for internal review and comments were received July – August 2015.

• Initial conference call of experts reviewed comments and identified areas for immediate action and points for further discussion.

• Expect to spend first half of SWD meeting discussing and agreeing approaches to finalise Rec 36 based on comments received.
Identify new SW Projects

• Agree needs and drivers for proposed new Rec.
  o Capturing elements of SW collaboration not covered by Recommendation 36
  o Looking at how existing systems can be brought together to create a de facto SW for traders

• Other project possibilities:
  o Collection of case studies on SW interoperability (possibly expanding on SW repository)
  o Glossy/glossary further defining different types of/approaches to SW
