Extrabudgetary projects

Regional Transport Infrastructure Connectivity and Establishment of a Transport Geographical Information System (GIS) Database
1. **Project title and project number:** Enhancing Regional Transport Infrastructure Connectivity and Establishment of a Transport Geographical Information System (GIS) Database

2. **Expected timing/duration:** 01/10/2016 - 31/03/2018

3. **Objective and brief summary of the project:**
The objective of the project is to enhance regional transport infrastructure connectivity by establishing a Transport Geographical Information System (GIS) Database. The tripartite MOU between the Islamic Development Bank (IsDB), the Economic Cooperation Organization (ECO), and United Nations Economic Commission for Europe (UNECE) was signed on 30th March 2011. The MoU aims to promote socio-economic progress among 11 common member States of the region (common under the ECE EATL project: Afghanistan, Albania, Azerbaijan, Islamic Republic of Iran, Kyrgyzstan, Kazakhstan, Pakistan, Tajikistan, Turkmenistan, Turkey, Uzbekistan) through, promotion of regional connectivity and enhancement of the transport infrastructure by upgrading priority road and railway routes, construction of missing links, logistics centres/dry ports, and modernization of border crossing points. The objective of the project will be achieved through implementation of the following activities.

   - A1.1. Procurement and operationalization of a customized Geographical Information System (GIS) application
   - A1.2. Organisation of four technical workshops on GIS application (capacity building on GIS technologies, data collection)
   - A1.3. Preparation of a pipeline with prospect transport infrastructure projects (missing links, upgrade of existing networks)
   - A2.1. Undertaking a study on benchmarking transport infrastructure construction costs
   - A2.2. Undertaking a study on good practices in financing regional transport infrastructure
   - A2.3. Organisation of one technical workshop on supporting the preparation of the above mentioned studies (A.2.1, A.2.2).

4. **Expected results of the project:**
   - Increased possibilities for financing transport infrastructure in the region
   - Strengthened capacity for transport infrastructure development in the region

5. **Target group and beneficiaries of the project:**
Beneficiaries are 11 UN ECE EATL member States (Afghanistan, Albania, Azerbaijan, Islamic Republic of Iran, Kyrgyzstan, Kazakhstan, Pakistan, Tajikistan, Turkmenistan, Turkey, Uzbekistan). Target group: Senior Governments’ officials and national experts.

6. **Justification of project and its relationship to the programme of work:**
The project is directly linked to the expected accomplishment (a) “Strengthened legal and regulatory framework for international land transport, transport infrastructure, border-crossing facilitation, transport of dangerous goods, vehicle construction and other transport related services” and (c) “Enhanced capacity in ECE member States, particularly in landlocked developing countries, for the development of the pan-European and transcontinental transport infrastructure and transport facilitation measures” of the Suprogramme 2 “Transport” of the Strategic Framework for the period 2016–2017 (A/69/6).

7. **Estimated UN regular budget resources (work months of RB staff/level of Staff):**
   - 3 months of the RB (P2) staff time and 1 month of the RB (P4) staff time

8. **Estimated extra budgetary resources:**

1 The secretariat shall inform EXCOM in case of unexpected developments or serious problems of any kind in the project implementation.

2 Questions from member States on project implementation will be forwarded to the secretariat.

3 Relevant information should be uploaded by the project manager on the Project Monitoring Tool within one month from the end of the activity and include the following:
   (a) For an advisory service (including at a workshop/seminar/training organized by other organizations): title; venue; dates; project expenditures; and hyperlink(s) to presentation(s) and other relevant documents;
   (b) For a workshop/conference/training organized by UNECE: title; venue; dates; project expenditures; and hyperlinks to the meeting agenda, list of participants, presentation(s) made by UNECE, conference documents, training materials and reports;
   (c) For a consultancy: project expenditures; hyperlinks to the consultancy ToR and main outputs (study, report, training material, presentation, etc.) produced by the consultant/s;
   (d) For other outputs not included under bullet points above: hyperlink to relevant documents.

4 Relevant financial information – certified by the Executive Office - should be uploaded by the project manager on the Project Monitoring Tool within one month from the end of the activity.
