2. **Expected timing/duration:** July 2017–December 2018

3. **Objective and brief summary of the project:** The objective of the project is to enhance the integration of population dynamics into development planning through a follow-up review of the ICPD beyond 2014 in the UNECE region. The project will complement and contribute to the review and reporting process of Sustainable Development Goals (SDGs) in the UNECE region. The proposed monitoring framework for ICPD beyond 2014 will be informed by the CES Road Map on Statistics for SDGs. The objective of the project will be achieved through the following activities:

   A1.2. Organisation of expert group meetings (electronic and face-to-face) to define a regional ICPD beyond 2014 monitoring framework.

   A2.1. Analysis and assessment of the follow-up to the ICPD beyond 2014 review in UNECE countries to form basis of the regional report.

   A2.2. Provision of organisational support for the UNECE regional meeting to review progress on the implementation of ICPD Programme of Action.

4. **Expected results of the project:**

   EA.1. Improved national capacities to assess and monitor the implementation of the ICPD Programme of Action in the UNECE region;

   The activities will support the expected accomplishment (c) “Enhanced national formulation and implementation of evidence-based policies on population ageing and intergenerational and gender relations” of Subprogramme 8 “Housing, land management and population” of the UNECE strategic framework for 2016–2017 and 2018–2019.

   The mandate for follow-up review stems from the GA resolution 65/234 “Follow-up to the International Conference on Population and Development beyond 2014” and the subsequent decisions of the Commission on Populations and Development. The 50th CPD session (2017) decision on “Review and appraisal of the Programme of Action of the International Conference on Population and Development and its contribution to the follow-up and review of the 2030 Agenda for Sustainable Development”.
