Creating Synergies

Introduction to Part 2 of the Special Roundtable

**UNECE Ad Hoc Group of Experts on Supply of Fossil Fuels
10-11 November 2004**

**Charlotte GRIFFITHS
Industrial Restructuring, Energy & Enterprise Development Division**

Meeting International Needs for Quality Information through Synergies ...

- **Design to provide decision support at each level of aggregation to ensure quality information;**
- **Start with the largest fields to produce early results;**
- **Seek synergies with organisations present and the CRIRSCO/IAEA; and**
- **This Ad Hoc Group of Experts to provide support in the form of classification, guidelines, training and consultancies.**
