**ECONOMIC COMMISSION FOR EUROPE**

COMMITTEE ON SUSTAINABLE ENERGY  
Thirteenth session, 19-21 November 2003

**REPORT**

**Corrigendum**

The paragraph 16 (v) should read: Approved the United Nations Framework Classification for Fossil Energy and Mineral Resources and recommended its application to all countries worldwide, bearing in mind the fact that most of the energy and mineral deposits are located outside of the UNECE region. For this purpose, the Committee requested the Commission, to endorse the Classification; and submit a proposal for ECOSOC Decision to be considered by the next ECOSOC annual session in 2004;
