## **“Environment for Europe” process**

- a unique partnership of UNECE member States, organizations of the UN system represented in the region, other intergovernmental organizations, RECs, NGOs, private sector and other stakeholders
- a high-level platform to address environmental priorities and promote broad horizontal cooperation, and a regional pillar of sustainable development
- focused on helping countries of Eastern Europe, Caucasus and Central Asia and South-Eastern Europe to raise their environmental standards towards a common regional standard
- UNECE serves as secretariat to the process

## **“Environment for Europe” process reform**

- **strengthen the effectiveness of the process and ensure that it remains appropriate for, and fully aligned with, the changing needs of the UNECE region, the evolving political and economic landscape and the environmental priorities of the region**
- **continue to serve as a mechanism:**
  - ❖ **to improve the environment throughout the region**
  - ❖ **to enhance the implementation of national environmental policies**
  - ❖ **to support convergence of environmental policies and approaches and the prioritization of environmental objectives**
  - ❖ **to encourage participation of civil society and of private sector**
  - ❖ **to promote broad horizontal environmental cooperation**
