UNECE Expert Group on Resource Classification, 1st Session  
Geneva, 28-30 April 2010

**Polish Geological Institute – National Research Institute  
and**

**UN Economic Commission for Europe**

in cooperation with

**Department of Geology and Geological Concessions of the Ministry of the  
Environment (Poland)**

**Invitation to:**

**International Workshop on**

**United Nations Framework Classification for Fossil Energy  
and Mineral Reserves and Resources 2009 (UNFC-2009)**

**– Theory and Practice**

**21-22 June 2010**

**Warsaw, Poland**

**Ministry of  
the Environment**

- The adaptation of Polish terminology to the UN Classification standards has been carried out for years and the Workshop is an occasion to present the results of these attempts. The Workshop will be also a forum for discussing practical application of the UNFC in other countries.
- The Workshop will be held in headquarters of the Polish Geological Institute – National Research Institute, Warsaw, Poland. The Organizing Committee will provide one day for oral presentations and one day for round table discussion on resources and reserves evaluation of selected Polish deposits (geological reports and feasibility studies of coal, oil and gas, industrial rocks) with reference to UNFC.

## **Preliminary programme of the meeting:**

The first day of the Workshop (1/2):

Chairman – Michael Lynch-Bell.

- ECE Expert Group on Resource Classification – history and development
- Development of UNFC-2009
- UNFC petroleum presentation
- UNFC minerals presentation (CRIRSCO representative)
- Mode of reporting resources and reserves in Poland and relationship to the UNFC, CRIRSCO and PRMS (Marek Nieć)
- Polish mining sector companies (Ryszard Tomanik, Robert Leszczynski – KGHM Polish Copper S.A.)

## The first day of the Workshop (2/2): Chairman – Michael Lynch-Bell.

- Confidence of coal resources estimation (Jacek Mucha, Eugeniusz Sobczyk, Piotr Saluga, Marek Nieć)
- The hard coal reserves and resources in Poland on the basis of UNFC classification (Henryk Paszcza, Tadeusz Smakowski)
- Practical Application of the United Nations Framework Classification (UNFC) in Selected Countries
- The database on Polish mineral raw material deposits (Agnieszka Malon, Marcin Tymiński)
- Minerals Yearbook of Poland (Tadeusz Smakowski)

The second day of the Workshop:

Round table discussion on resources and reserves evaluation of selected Polish deposits (geological reports and feasibility studies of coal, oil and gas, industrial rocks) with reference to UNFC. Panel chaired by Marek Nieć (Committee of Sustainable Resources Utilization).

The meeting will commence at **10.00 hours on Monday 21 June in Salle 15** on ground floor of the **Building C**.

Please note that the registration forms should be sent back via e-mail by **May 21**. Deadline for abstracts is also **May 21**. Please send them via e-mail to [Tadeusz.Smakowski@pgi.gov.pl](mailto:Tadeusz.Smakowski@pgi.gov.pl), [Marcin.Tymiński@pgi.gov.pl](mailto:Marcin.Tymiński@pgi.gov.pl), [Agnieszka.Malon@pgi.gov.pl](mailto:Agnieszka.Malon@pgi.gov.pl). Maximum length of abstracts is one A4 page. Maximum length of oral presentation is 20 minutes. Participation is free of charge.

Polish Geological Institute-National Research Institute will provide the participants with **lunches**, served in Salle 16 on ground floor of the Building C – next to the conference room.

We would also like to invite the participants to **Dinner kindly sponsored by KGHM Polish Copper S.A. and Polish National Oil&Gas Company**, which will be served on Monday, 21 June, in the evening (details will be fixed up later).

Thank you for your  
attention
