Petroleum Work Group (PWG)
  - Vision/Mission
  - Members

Activities since August 2017
  - Draft Document (White Paper)
  - Documents and Meetings
  - Case studies – RF2013 to UNFC

Future Plan
  - Projects
  - Potential Workshops

Closing Remarks
**Vision**

- PWG vision is to be the premier Petroleum expertise repository for UNFC with the primary goal of achieving Sustainable Development Goals through implementation of UNFC globally as a total resource classification and management system which can be used by a variety of interested entities to make policy and business decisions on energy.

**Mission**

- PWG mission is to proactively work with country stakeholders, develop UNFC petroleum specifications and guidelines, conduct pilot studies, hold workshops, promote uptake of UNFC in interested countries, provide advice on the realization of Sustainable Development Goals by using UNFC.

Mr. Steve Griffiths (ERC) is an Associate Member (UK)
PWG Activities

White Paper on IRM: Timeline

- PWG formed during August-October 2017
- Draft document (white paper) origin
- Discussions with UNECE secretariat and future direction of UNFC
- PWG prepared draft and circulated for comment
- Reviewed by TAG and Bureau
- All comments captured as best as possible
- Published in January 2018 (in English, French and Russian)
- Presented to the UNFC Workshop on 24 April 2018
- Pilot to be initiated

Document Title: ‘Application of the United Nations Framework Classification for Integrated Resource Management for petroleum and total resources by National Oil Companies and government regulators’
Petroleum Work Group Draft TOR
  - Circulated for comments (within PWG)

Proposal for a UNFC Trust Fund
  - Two page memo sent to (UNECE – Hari)
  - Outline on raising funds for UNFC

BD’s for UNFC to Chinese system for Petroleum

Meetings
  - 2 telecons (1 per quarter)
  - One face-to-face meeting on 24 April 2018 in Geneva

PWG chair participated in TAG telecons
Case Study 1
- Field A in West Siberia
  - Complete

Case Study 2
- Structure S in West Siberia
  - Complete

Case Study 3
- Withdrawn
Petroleum Classification and Applications

Drafts on UNFC specifications and guidelines will be prepared based on current knowledge and inputs from planned workshops.

These drafts can be updated if changes are made to UNFC later this year.

A team will be formed from the PWG to prepare the draft.

To be ready by end-2018.
Comparison between COGEH, PRMS and other systems
  - To be initiated in Q2-2018 and complete by EGRC 10

Mapping of updated PRMS to UNFC
  - Subject to when the final PRMS is published
  - Any changes made to UNFC also need to be taken into consideration

Case Studies
  - Chinese Classification System and UNFC

Other Possibilities
  - Once the final PRMS is published then BD’s to UNFC, RF2013 and Chinese 2004 have to be reviewed and updated
Future Plan
Potential Workshops

- One or two target countries
  - Based on IRM model
  - One of projects can be the driver

- Africa
  - Based on further discussions and using IRM model
  - Add subtext here

- Mexico
  - Based on discussions with PEMEX and Government Agencies
  - Pilot project to be initiated

- Others In Mexico
  - Based on discussions with requirement and requests from other countries

- ……All subject to extra –budgetary funds made available..
Closing Remarks

- Very busy 6 months for PWG
  - PWG went live in October 2017 (although started in August but it took several weeks to form the final group)

- Significant achievements
  - White paper on IRM, 2 case studies, BD’s approval

- Strong Forward Plan for next 12 months
  - Expect some projects may slip into the second year

- Need more volunteers for Petroleum as associates in PWG
  - Will assist with project as required
Thank you!

Satinder Purewal
