#### *Summary*

At its eighth meeting (Geneva, 3–5 December 2014), the Conference of the Parties to the Convention on the Transboundary Effects of Industrial Accidents requested its Bureau to review the terms of reference of the Convention's subsidiary bodies, and to prepare revised terms of reference for review and adoption by the Conference of the Parties at its ninth meeting. The draft terms of reference were to reflect the current practice and roles of the Bureau and the Working Group on Implementation, as set out in documents previously adopted by the Conference of the Parties (ECE/CP.TEIA/30, para. 48).

The present document contains the draft amended terms of reference of the Working Group on the Development of the Convention, to be officially renamed the Working Group on Development, prepared by the Bureau in cooperation with the Working Group and with the support of the secretariat. In an annex, the amendments to the terms of reference previously adopted by the Conference of the Parties (ECE/CP.TEIA/12, annex IV) are presented for information, showing the proposed additions in bold and deletions in strikethrough text.

The Conference of the Parties is invited to adopt the draft amended terms of reference of the Working Group on Development contained in the present document.
