

National Seminar

Slovenia

Organised in co-operation with UNECE

Venue:

Ministry of Environment and Spatial Planning

Dunajska 48

Ljubljana

June, 9 2010

Aim of the meeting

The main aim of the seminar is capacity building on implementation of SEA Protocol and its relation to the directive 42/2001 - SEA instrument/process in Slovenia and provide all relevant information for different ministries and organisation for implementation of the Protocol.

The seminar will provide guidance to improve the implementation and capacities in implementation and will present a forum to exchange information.
