WHY sustainable transport?

Fiona McCluney
UN Resident Coordinator to Montenegro
SUSTAINABLE URBAN TRANSPORT SYSTEM

ENSURES ACCESSIBILITY OF JOBS & SERVICES TO ALL

IMPROVES SAFETY & SECURITY

REDUCES POLLUTION, CO2 EMISSIONS AND ENERGY OF PEOPLE AND GOODS

INCREASES THE ATTRACTIVENESS AND QUALITY OF THE URBAN ENVIRONMENT
the Context
SPACE implications
Different patterns...

60 people on a bus

60 people on bikes

60 people driving cars
...and how it looks like in reality
LINKS with SDGs
