Dear Mr Ewing,

Thank you for your request to make a deputation to the Committee on Wednesday 24th November.

Please note that another party wishing to make a deputation has been received, which therefore means that the 5 minutes will have to be split between the two parties, for example 2.5 minutes each.

I will inform the other party that this request has been received and they will have to share 5 minutes.

Regards  
HannahHannah Hutter
