  - (c) break up or interfere with any highway or part of a highway (including any sewer, drain or tunnel in it); 25
  - (d) temporarily remove any street furniture in or beside a highway.
- (2) The nominated undertaker must provide reasonable access for pedestrians going to or from premises abutting on a highway affected by the exercise of the powers under sub-paragraph (1)(a) to (c) if there would otherwise be no such access. 30
- (3) Before exercising the powers under sub-paragraph (1) in relation to a highway, and to an extent, specified in table 3 in Part 4 of this Schedule, the nominated undertaker must consult the relevant authority.
- (4) The purpose of consultation under sub-paragraph (3) is to ensure public safety and, so far as reasonably practicable, to reduce public inconvenience. 35
- (5) Before exercising the powers under sub-paragraph (1) in relation to a highway, or to an extent, not specified in table 3, the nominated undertaker must obtain the consent in writing of the relevant authority.
- (6) Consent under sub-paragraph (5) must not be unreasonably withheld, but may be given subject to such conditions as the relevant authority may reasonably require in the interest of public safety or convenience. 40
- (7) If a relevant authority which receives an application for consent under sub-paragraph (5) fails to notify the applicant of its decision on the application

	before the end of 28 days beginning with the date on which the application was made, it is to be treated as having granted the application.	
(8)	In the case of the powers in sub-paragraph (1)(a) to (c), sub-paragraph (7) has effect in relation to an application for consent which relates to –	
	(a) a GLA side road (within the meaning of the Road Traffic Regulation Act 1984), or	5
	(b) a road which is designated under section 60(1) or 61(1) of the Traffic Management Act 2004 (roads in Greater London which are strategic roads),	
	as if for “28” there were substituted “42”.	10
(9)	Any dispute with a relevant authority about consent under sub-paragraph (5) must be referred to arbitration if the parties so agree, but must otherwise be determined by the Secretary of State.	
(10)	There is no need to reinstate a highway or part of a highway in relation to which any of the powers under sub-paragraph (1)(a) to (c) has been exercised where the exercise of the power comes to an end on the exercise, in relation to the highway or part, of the power under paragraph 2(1) or 3(1).	15
(11)	In this paragraph –	
	“relevant authority” means –	
	(a) the highway authority, in the case of the powers in sub-paragraph (1)(a) to (c);	20
	(b) the owner of the street furniture, in the case of the power in sub-paragraph (1)(d);	
	“street furniture” includes traffic signs, street lighting and bus shelters.	
	<i>Street works</i>	25
7	(1) The nominated undertaker may, for the purposes of the works authorised by this Act, enter upon any highway within the Act limits and –	
	(a) place, maintain or alter, or change the position of, apparatus in it,	
	(b) remove apparatus from it, and	
	(c) execute any works required for, or incidental to, any works authorised by paragraph (a) or (b).	30
	(2) In this paragraph, “apparatus” has the same meaning as in Part 3 of the New Roads and Street Works Act 1991.	
8	(1) Works executed under this Act in relation to a highway which consists of or includes a carriageway are to be treated for the purposes of Part 3 of the New Roads and Street Works Act 1991 (street works) as major transport works if –	35
	(a) they are of a description mentioned in section 86(3)(a), (c) to (e), (g) or (h) of that Act (which defines what highway authority works are major highway works), or	40
	(b) they are works which, had they been executed under the powers of the highway authority, might have been carried out in exercise of the powers under section 64 (dual carriageways and roundabouts) or 184 (vehicle crossings over footways and verges) of the Highways Act 1980.	45

- (2) Sub-paragraph (1) does not apply to works executed under powers delegated to a highway authority by an agreement under paragraph 12(2) of this Schedule (construction delegation agreements).

*Working sites in highways*

- 9 Any highway or part of a highway which is stopped up under paragraph 6(1)(a) may be used as a working site if it is within the Act limits. 5

PART 3

CONSTRUCTION AND MAINTENANCE OF HIGHWAYS

*Construction and alteration*

- 10 (1) Where under this Act the nominated undertaker – 10  
(a) constructs a new highway, or  
(b) alters a highway, otherwise than by carrying out street works within the meaning of Part 3 of the New Roads and Street Works Act 1991, the construction or alteration must be completed to the reasonable satisfaction of the highway authority. 15
- (2) Where work mentioned in sub-paragraph (1) has been completed to the reasonable satisfaction of a highway authority, it must certify that fact in writing to the nominated undertaker.
- (3) If the nominated undertaker requests a highway authority to issue a certificate under sub-paragraph (2) and the highway authority does not before the end of the period of 28 days beginning with the date on which the request was made – 20  
(a) issue a certificate under that sub-paragraph, or  
(b) notify the nominated undertaker of its decision to refuse to issue such a certificate, 25  
it is to be treated as having issued such a certificate at the end of that period.
- (4) Any dispute with a highway authority under this paragraph must be referred to arbitration if the parties so agree, but must otherwise be determined by the Secretary of State.
- 11 (1) Sub-paragraph (2) applies where under this Act the nominated undertaker – 30  
(a) constructs a new highway which is constituted by or comprises a carriageway, or  
(b) realigns a highway which is constituted by or comprises a carriageway. 35
- (2) The construction or realignment must be carried out in accordance with plans, sections and specifications approved by the highway authority at the request of the nominated undertaker; and such approval is not to be unreasonably withheld.
- (3) Any dispute with a highway authority under sub-paragraph (2) must be referred to arbitration if the parties so agree, but must otherwise be determined by the Secretary of State. 40

- 
- (4) If, on application by the nominated undertaker for the approval of plans, sections or specifications under sub-paragraph (2), the highway authority fails to notify the nominated undertaker of its decision on the application before the end of 28 days beginning with the date on which the application was made, it is to be treated as having approved the plans, sections or specifications as submitted. 5
- 12 (1) Where under this Act the nominated undertaker is authorised to stop up or interfere with an existing highway or part of an existing highway, it may enter into an agreement with the controllers of the highway concerning the construction (or contribution towards the expenses of construction) of – 10
- (a) any new highway to be provided in substitution,
  - (b) any alteration of the existing highway, and
  - (c) any related matters.
- (2) Where the nominated undertaker has entered into an agreement under sub-paragraph (1) with the controllers of an existing highway, the nominated undertaker may, by agreement with them, delegate to them the power of constructing – 15
- (a) any new highway to be provided in substitution, or
  - (b) any alteration of the existing highway,
- including any bridge over any railway. 20
- (3) Works executed by the controllers of an existing highway under a delegation agreement under sub-paragraph (2) which could have been carried out by them under section 64 or 184 of the Highways Act 1980 are to be treated for the purposes of section 86(3) of the New Roads and Street Works Act 1991 as having been so carried out by them. 25
- (4) References in this paragraph to the controllers of a highway are to the persons having the charge, management or control of it.
- 13 (1) This paragraph applies in relation to a work authorised by this Act which appears to the Secretary of State to constitute – 30
- (a) the construction of an extension to a trunk road or special road, or
  - (b) the realignment of a trunk road or special road.
- (2) The Secretary of State may by order made by statutory instrument provide that the highway comprising the extension or realignment is to become a trunk road or special road (or both) as from a date – 35
- (a) specified in the order, or
  - (b) if the order so provides, specified in an instrument in writing after the making of the order.
- (3) Where, under an order under this paragraph, a highway becomes a special road – 40
- (a) the Secretary of State is the special road authority for the highway,
  - (b) the highway is to be regarded as provided by the Secretary of State under a scheme under section 16 of the Highways Act 1980 made on the day the order is made, and
  - (c) the highway is to be regarded as so provided for the use of traffic of such classes referred to in Schedule 4 to that Act as may be provided for in the order (and the order may make different provision for different parts of the highway). 45

- (4) Provision under sub-paragraph (3)(c) may be expressed by reference to classes of traffic which are at any time authorised under a scheme under section 16 of the Highways Act 1980 in relation to the road of which the highway is a realignment or extension.

*Maintenance*

5

- 14 (1) Sub-paragraph (2) applies where under this Act the nominated undertaker –
- (a) constructs a new highway, or
  - (b) alters a highway, otherwise than by carrying out street works within the meaning of Part 3 of the New Roads and Street Works Act 1991. 10
- (2) The new or altered highway must be maintained by and at the expense of the nominated undertaker for a period of 12 months from –
- (a) the date of practical completion, or
  - (b) if later, the date on which it is first open for public use;
- and after the end of that period must be maintained by and at the expense of the highway authority. 15
- (3) Sub-paragraph (2) is subject to –
- (a) any agreement between the nominated undertaker and the highway authority as to alternative arrangements relating to the maintenance of the highway, and 20
  - (b) sub-paragraph (4), in respect of a period for which the nominated undertaker is under a duty to maintain the highway.
- (4) Unless otherwise agreed between the highway authority and the nominated undertaker, the highway authority must ensure, so far as reasonably practicable, that safe passage along the new or altered highway is not endangered by snow or ice. 25
- (5) Where the highway authority is satisfied that a highway mentioned in sub-paragraph (2) is practically complete or is open for public use, it must, at the request of the nominated undertaker, certify to it in writing the date of practical completion of the highway or, as the case may be, the date on which it was first open for public use. 30
- (6) If the highway authority refuses a request to issue a certificate under sub-paragraph (5), or if the nominated undertaker disputes the date given in a certificate under that sub-paragraph, the matter must be referred to arbitration if the parties so agree, but must otherwise be determined by the Secretary of State. 35
- (7) For the purposes of sub-paragraph (2), the date of practical completion of a highway, or the date on which it is first open for public use, is to be taken to be –
- (a) where the date has been determined under sub-paragraph (6), the date so determined, and 40
  - (b) where it has not, the date certified under sub-paragraph (5).
- (8) Sub-paragraph (2) does not have effect to impose any obligation in relation to –
- (a) the structure of any bridge carrying a highway over any railway of the nominated undertaker, or 45

- (b) the structure of any tunnel carrying a highway under any such railway.
- (9) Nothing in this paragraph affects the operation of section 87 of the New Roads and Street Works Act 1991.
- 15 Where the nominated undertaker is responsible for maintaining a bridge carrying either of the following over a railway – 5
- (a) a new highway constructed under this Act, or
- (b) a highway altered under this Act,
- the nominated undertaker may, by agreement with the persons having the charge, management or control of the highway, delegate to them the function of maintaining the bridge. 10
- 16 Section 58(1) and (2) of the Highways Act 1980 (special defence in action against highway authority for damages for non-repair of highway) applies to an action against the nominated undertaker in respect of damage resulting from its failure to maintain a highway under paragraph 14(2) or 14(3)(a) as it applies to an action against a highway authority as mentioned in section 58(1) of that Act (and references in section 58(1) and (2) to the highway authority are to be read accordingly). 15
- 17 Notwithstanding anything in section 46 of the Railways Clauses Consolidation Act 1845, as incorporated with this Act, the nominated undertaker is not liable to maintain the surface of any highway under or over which the scheduled works are constructed, or the immediate approaches to any such highway. 20

*Bridges carrying highways*

- 18 Each of sections 116 and 117 of the Transport Act 1968 (duties as respects bridges carrying highways over railways) has effect as if the nominated undertaker were one of the boards mentioned in the section in question. 25

Section 5(6)

ACQUISITION OF RIGHTS IN LAND: APPLICATION OF COMPULSORY PURCHASE LEGISLATION

*Compulsory Purchase Act 1965 and compensation enactments*

- 1 Part 1 of the Compulsory Purchase Act 1965 (referred to in this Schedule as “CPA 1965”), as applied by section 4(3) to the acquisition of land under section 4(1), and the enactments relating to compensation for the compulsory purchase of land, apply to a compulsory acquisition under section 4(1) by virtue of section 5 – 10
- (a) with the modifications specified in paragraph 2, and 15
- (b) with such other modifications as may be necessary.
- 2 (1) The modifications referred to in paragraph 1(a) are as follows.
- (2) References in CPA 1965 to land are, in appropriate contexts, to be read (according to the requirements of the particular context) as referring to, or as including references to – 20
- (a) the right acquired or to be acquired or (as the case may be) the restrictive covenant imposed or to be imposed, or
- (b) the land over which the right is, or is to be, exercisable or (as the case may be) the restrictive covenant is, or is to be, enforceable.
- (3) For section 7 of CPA 1965 substitute – 25
- “7 Measure of compensation in case of purchase of new right or imposition of new restrictive covenant**
- In assessing the compensation to be paid by the acquiring authority under this Act, regard shall be had, not only to the extent (if any) to which the value of the land over which the right is acquired or the restrictive covenant is imposed is depreciated by the acquisition of the right or the imposition of the covenant, but also to the damage (if any) to be sustained by the owner of the land by reason of its severance from other land of the owner, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.” 30
- (4) In section 8 of CPA 1965 (provisions as to divided land), for subsection (1) substitute – 35
- “(1) This subsection applies where – 40
- (a) a notice to treat in respect of a right over, or restrictive covenant affecting, land consisting of a house, building or manufactory or of a park or garden belonging to a house

- (“the relevant land”) has been served on a person under section 5 of this Act,
- (b) in consequence of the service of the notice, a question of disputed compensation in respect of the acquisition of the right or imposition of the covenant would, apart from this section, fall to be determined by the Upper Tribunal, and 5
- (c) before the Upper Tribunal has determined that question, the person on whom the notice has been served satisfies the Upper Tribunal that the relevant conditions are met.
- (1A) The relevant conditions are – 10
- (a) that the person has an interest which the person is able and willing to sell in the whole of the relevant land,
- (b) where the relevant land consists of a house, building or manufactory, that it cannot be made subject to the right or covenant without material detriment to it, and 15
- (c) where the relevant land consists of a park or garden belonging to a house, that it cannot be made subject to the right or covenant without seriously affecting the amenity or convenience of the house.
- (1B) Where subsection (1) above applies – 20
- (a) the compulsory purchase order shall, in relation to the person on whom the notice to treat has been served –
- (i) cease to authorise the acquisition of the right or imposition of the covenant to which the notice relates, and 25
- (ii) be deemed to authorise the acquisition of that person’s interest in the whole of the relevant land including, where the land consists of a park or garden belonging to a house, the house, and
- (b) the notice to treat shall be deemed to have been served in respect of that interest on such date as the Upper Tribunal directs. 30
- (1C) Any question as to the extent of the land in which the compulsory purchase order is deemed to authorise the purchase of an interest by virtue of subsection (1B)(a)(ii) of this section shall be determined by the Upper Tribunal. 35
- (1D) Where the Upper Tribunal determines that the person on whom a notice to treat has been served has satisfied the Upper Tribunal as mentioned in subsection (1)(c) of this section, the acquiring authority may withdraw the notice at any time within the period of six weeks beginning with the date of the determination. 40
- (1E) Subsection (1D) of this section is without prejudice to any other power of the acquiring authority to withdraw the notice to treat.”
- (5) The following provisions of CPA 1965 (which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land) – 45
- section 9(4) (failure of owners to convey),
- paragraph 10(3) of Schedule 1 (owners under incapacity),
- paragraph 2(3) of Schedule 2 (absent and untraced owners), and

- paragraphs 2(3) and 7(2) of Schedule 4 (common land),  
are so modified as to secure that, as against persons with interests in the land  
which are expressed to be overridden by the deed, the right which is to be  
acquired compulsorily or the benefit of the covenant which is to be imposed  
is vested absolutely in the acquiring authority. 5
- (6) Section 11 of CPA 1965 (powers of entry) is modified so as to secure that,  
where the acquiring authority have served notice to treat in respect of any  
right or restrictive covenant as well as the 14 days’ notice required by  
subsection (1) of that section, they have power, exercisable in the same  
circumstances and subject to the same conditions, to enter for the purpose of  
exercising that right or enforcing that covenant; and sections 12 (penalty for  
unauthorised entry) and 13 (entry on enforcement officer’s or sheriff’s  
warrant in the event of obstruction) of that Act are modified accordingly. 10
- (7) Section 20 of CPA 1965 (compensation for short-term tenants) applies with  
the modifications necessary to secure that persons with such interests in  
land as are mentioned in that section are compensated in a manner  
corresponding to that in which they would be compensated on a  
compulsory acquisition of the land, but taking into account only the extent  
(if any) of such interference with such interests as is actually caused, or likely  
to be caused, by the exercise of the right or enforcement of the restrictive  
covenant in question. 15  
20
- (8) Section 22 of CPA 1965 (protection of acquiring authority’s possession of  
land where interest accidentally omitted from purchase) is so modified as to  
enable the acquiring authority, in circumstances corresponding to those  
referred to in that section, to continue to be entitled to exercise the right  
acquired or enforce the restrictive covenant imposed, subject to compliance  
with that section as respects compensation. 25
- (9) In the Land Compensation Act 1973, for section 44 substitute –
- “44 Compensation for injurious affection**
- (1) Where – 30
- (a) a right over land is acquired from any person for the purpose

- (3) If, on such a reference, the Upper Tribunal determines –
- (a) that none of the land subject to the notice to treat can be taken without material detriment to the remainder of the land subject to the counter-notice, but
  - (b) that the material detriment is confined to part of the remainder of that land, 5
- then, except where sub-paragraph (4) applies, the notice to treat is to be deemed to be a notice to treat in addition for the land to which the material detriment is confined.
- (4) If, in a case where the land subject to the notice to treat consists of or includes garden only land, the Upper Tribunal determines on such a reference that none of the land subject to the notice to treat can be taken without seriously affecting the amenity or convenience of the house to which the garden only land belongs, the notice to treat is to be deemed to be a notice to treat in addition for the remainder of the land subject to the counter-notice. 10

- (2) If the Secretary of State withdraws a notice to treat under sub-paragraph (1), the Secretary of State must pay the person to whom the notice was given compensation for any loss or expense occasioned to that person by the giving and withdrawal of the notice; and in case of dispute, such compensation is to be determined by the Upper Tribunal. 35
- (3) Where under paragraph 1 or 2 a person is required to sell part only of a house, building or manufactory or of land consisting of a house with a park or garden, the Secretary of State must pay the person compensation for any loss sustained by the person due to the severance of that part in addition to the value of the interest acquired. 40
- (4) A notice to treat has the effect which it is deemed to have under paragraph 1(3) or paragraph 2(3), (4) or (5) whether or not the additional land is, apart from that provision, land which the Secretary of State is authorised to acquire compulsorily under this Act. 45

SCHEDULE 16

Section 19(3)

CONDITIONS OF DEEMED PLANNING PERMISSION

PART 1

CONDITIONS

<i>Introductory</i>					30
1		The requirements in paragraphs 2 to 12 are conditions of deemed planning permission under section 19(1).			
<i>Condition relating to building works</i>					
2	(1)	To the extent that development consists of building works, it must be carried out in accordance with plans and specifications for the time being approved by the relevant planning authority.			35
	(2)	In this paragraph “relevant planning authority” means the unitary authority or, in a non-unitary area, the district council in whose area the development is carried out.			
	(3)	The relevant planning authority may, on approving a plan or specification for the purposes of this paragraph, specify any respect in which it requires additional details of the building works to be submitted for approval.			40

- (4) Where the relevant planning authority exercises the power conferred under sub-paragraph (3), the plans and specifications referred to in sub-paragraph (1) must, as regards the specified respect, include a plan or specification showing the additional details.
- (5) If the relevant planning authority is a qualifying authority, it may only refuse to approve plans or specifications for the purposes of this paragraph on the ground that—
- (a) the design or external appearance of the building works ought to be modified—
    - (i) to preserve the local environment or local amenity,
    - (ii) to prevent or reduce prejudicial effects on road safety or on the free flow of traffic in the local area, or
    - (iii) to preserve a site of archaeological or historic interest or nature conservation value,and is reasonably capable of being so modified, or
  - (b) the development ought to, and could reasonably, be carried out elsewhere within the development’s permitted limits.
- (6) If the relevant planning authority is not a qualifying authority, it may only refuse to approve plans or specifications for the purposes of this paragraph on the ground that—
- (a) the design or external appearance of the building works ought to be modified to preserve the local environment or local amenity and is reasonably capable of being so modified, or
  - (b) the development ought to, and could reasonably, be carried out elsewhere within the development’s permitted limits.
- (7) The relevant planning authority may only impose conditions on approval for the purposes of this paragraph—
- (a) with the agreement of the nominated undertaker, and
  - (b) on a ground referred to in sub-paragraph (5) or (6) (as the case may be).
- (8) In this paragraph, “building works” means the erection, construction, alteration or extension of any building, other than a temporary building.
- (9) For these purposes, a building ancillary to a scheduled work is only a temporary building if it is intended to remain in place for no longer than two years after the date on which the scheduled work is brought into general use.
- (10) The requirements in this paragraph do not apply to building works to the extent that they are ancillary to development consisting of—
- (a) the disposal of waste or spoil, or
  - (b) the excavation of bulk materials from borrow pits,
- (and see paragraph 7 as to such development).

*Condition relating to other construction works*

- 3 (1) If the relevant planning authority is a qualifying authority, development to which this paragraph applies must be carried out in accordance with plans and specifications for the time being approved by that authority.
- (2) This paragraph applies to development to the extent that it consists of the construction of any of the following—

- (a) a road vehicle park;
- (b) earthworks;
- (c) sight, noise or dust screens;
- (d) transformers, telecommunications masts or pedestrian accesses to railway lines; 5
- (e) fences or walls;
- (f) lighting equipment.
- (3) In this paragraph “relevant planning authority” means the unitary authority or, in a non-unitary area, the district council in whose area the development is carried out. 10
- (4) The relevant planning authority may, on approving a plan or specification for the purposes of this paragraph, specify any respect in which it requires there to be submitted for approval additional details of the operation or work which gives rise to the need for approval under sub-paragraph (1).
- (5) Where the relevant planning authority exercises the power conferred under sub-paragraph (4), the plans and specifications in accordance with which the development is required under sub-paragraph (1) to be carried out must, as regards the specified respect, include a plan or specification showing the additional details. 15
- (6) The relevant planning authority may only refuse to approve plans or specifications for the purposes of this paragraph on a ground specified in relation to the work in question in the following table. 20

	(b) to prevent or reduce prejudicial effects on road safety or on the free flow of traffic in the local area, or	30
	(c) to preserve a site of archaeological or historic interest or nature conservation value.	35
	That the development ought to, and could reasonably, be carried out elsewhere within the development’s permitted limits.	40

<i>Development</i>	<i>Possible grounds for refusal of approval</i>

	If the development does not form part of a scheduled work, that the development ought to, and could reasonably, be carried out elsewhere within the development’s permitted limits.	40
(7) The relevant planning authority may only impose conditions on approval for the purposes of this paragraph –		45
(a) with the agreement of the nominated undertaker, and		

- (b) on a ground specified in the table in sub-paragraph (6) in relation to the work in question.
- (8) Any reference in sub-paragraph (2) or (6) to a description of works does not include works of that description of a temporary nature.
- (9) In this paragraph – 5  
“construction” includes erection, alteration, extension and (in the case of lighting equipment) installation;  
“earthworks” means terracing, cuttings, embankments or other earth works;  
“road vehicle park” does not include anything which is a building; 10

(b) the excavation of bulk materials from borrow pits,  
(and see paragraph 7 as to such development).

*Condition relating to matters ancillary to development*

- 4 (1) If the relevant planning authority is a qualifying authority, development must be carried out in accordance with arrangements about ancillary matters which have been approved by that authority. 20
- (2) In this paragraph “ancillary matters” means – 25

- (3) In this paragraph, “relevant planning authority” means, subject to sub-paragraph (4), the unitary authority or, in a non-unitary area, the district council in whose area the development is carried out. 30
- (4) Where the development is in a non-unitary area and consists of waste or soil disposal or the excavation of bulk material from borrow pits, the relevant planning authority in respect of arrangements relating to ancillary matters is the county council. 35
- (5) The reference in sub-paragraph (1) to arrangements does not, in the case of artificial lighting, include detailed arrangements.
- (6) The relevant planning authority may only refuse to approve arrangements for the purposes of this paragraph – 40  
(a) on the ground that the arrangements relate to development which, for the purposes of regulating the matter in question, ought to and can reasonably be considered in conjunction with other development which has deemed planning permission under section 19(1) and which is to be carried out in the authority’s area, or 45

(b) on a ground specified in relation to the matter in the following table.

<i>Matters</i>	<i>Grounds</i>

(7) The relevant planning authority may only impose conditions on approval for the purposes of this paragraph—  
 (a) with the agreement of the nominated undertaker, and  
 (b) on a ground specified in the table in sub-paragraph (6)(b) in relation to the matter in question. 40

 “artificial lighting” means the use of artificial lighting on land within the Act limits for the purpose of carrying out the development;

- 
- “construction camps” means sites on land within the Act limits which are to be used for the residential accommodation of persons engaged in carrying out the development;
- “construction materials” means minerals, aggregates or other construction materials required for the development; 5
- “dust suppression” means the suppression of dust caused by construction operations carried out on land within the Act limits for the purpose of carrying out the development;
- “handling of re-useable spoil and topsoil” means handling during removal, storage and re-use of any spoil or topsoil removed during the course of carrying out the development; 10

- 5 (1) The Secretary of State may for the purposes of paragraph 4 make a class approval of arrangements relating to the ancillary matters referred to in paragraph 4(2)(a), (b) and (d) to (g) above.
- (2) A class approval may be made –
- (a) generally or in relation to specific areas or specific descriptions of works, and 25
- (b) subject to conditions.
- (3) A class approval may make different provision for different cases.
- (4) Before making a class approval the Secretary of State must consult the planning authorities who would be affected by it. 30
- (5) Where arrangements made by the nominated undertaker are approved under a class approval, they do not require the approval of the relevant planning authority under paragraph 4.
- (6) But the nominated undertaker may in the case of any particular arrangements request approval under paragraph 4. 35
- (7) If the relevant planning authority to which such a request is made considers that the circumstances of the case justify it, the authority may grant approval under paragraph 4 (and, accordingly, the arrangements are subject to that approval instead of the class approval).
- (8) A class approval may be varied or revoked. 40
- Condition relating to road transport*
- 6 (1) If the relevant planning authority is a qualifying authority, development must, with respect to the matters to which this paragraph applies, be carried out in accordance with arrangements approved by that authority.

  - (b) transportation to a site where the number of large goods vehicle movements (whether to or from the site) does not on any day exceed 24. 10
- (5) The relevant planning authority may only refuse to approve arrangements for the purposes of this paragraph on the ground that –
- (a) the arrangements relate to development which, for the purposes of regulating the matter in question, ought to and can reasonably be considered in conjunction with development which has deemed planning permission under section 19(1) and which is to be carried out in the authority’s area, or 15
  - (b) the arrangements ought to be modified – 20
    - (i) to preserve the local environment or local amenity,
    - (ii) to prevent or reduce prejudicial effects on road safety or on the free flow of traffic in the local area, or

- (5) Where the relevant planning authority exercises the power conferred under sub-paragraph (4), the plans and specifications in accordance with which the development is required under sub-paragraph (1) to be carried out must, as regards the specified respect, include a plan or specification showing the additional details. 5
- (6) The relevant planning authority may only refuse to approve plans or specifications for the purposes of this paragraph on a ground specified in sub-paragraph (7) or (8). 10
- (7) The grounds in this sub-paragraph are that –
- (a) the design or external appearance of disposal sites (in the case of the disposal of waste and soil) or borrow pits (in the case of excavation of bulk material from such pits) on land within the Act limits, 15
  - (b) the methods by which such sites or pits are worked, or

  - (b) on a ground referred to in sub-paragraph (7) or (8) (taken with sub-paragraph (9)).
- 8 (1) If the relevant planning authority is a qualifying authority, development to which paragraph 7 applies may not be begun unless the authority has approved a scheme for the restoration of the land on which the development is to be carried out. 40
- (2) In this paragraph “relevant planning authority” has the same meaning as in paragraph 7.
- (3) The relevant planning authority may only refuse to approve, or impose conditions on the approval of, a scheme for the purposes of this paragraph 45

on the ground that the scheme ought to be modified, and is reasonably capable of being modified.

- (4) The nominated undertaker must carry out a scheme approved for the purposes of this paragraph once it has completed its use of the land to which the scheme relates for the purpose of carrying out the development to which paragraph 7 applies. 5
- (5) In sub-paragraph (1), the reference to restoration includes a reference to restoration in the longer term; and, accordingly, a scheme for the restoration of land may include provision about aftercare.

  - (b) it has approved, at the request of the nominated undertaker, a scheme consisting of provision with respect to the taking of measures for that purpose. 30
- (5) The relevant planning authority may not refuse to approve, or impose conditions on the approval of, a scheme submitted for the purposes of sub-paragraph (4)(b) unless it is satisfied that it is expedient to do so on the ground that the scheme ought to be modified – 35
- (a) to preserve the local environment or local amenity,
  - (b) to preserve a site of archaeological or historic interest, or
  - (c) in the interests of nature conservation,
- and that the scheme is reasonably capable of being so modified.
- (6) In this paragraph “railway vehicle” and “track” have the same meanings as in Part 1 of the Railways Act 1993. 40

- (3) For the purposes of sub-paragraph (1) the nominated undertaker must, within four months of the discontinuation of the use, submit a proposed scheme to the relevant planning authority. 15
- (4) If—
- (a) the nominated undertaker fails to submit a proposed scheme in accordance with sub-paragraph (3), or
- (b) the nominated undertaker submits a proposed scheme in accordance with sub-paragraph (3) but no scheme is agreed for the purposes of sub-paragraph (1) before the end of the relevant period, 20

- (5) In sub-paragraph (4)(b) “the relevant period” means—
- (a) eight weeks beginning with the date on which the proposed scheme is submitted, or

- (a) by the time specified by or determined in accordance with the scheme, or 35
- (b) by such later time as the nominated undertaker and the relevant planning authority may agree,
- that particular is to be determined by the appropriate Ministers after consulting the nominated undertaker and the authority. 40
- (8) Where, independently of any consultation under sub-paragraph (4) or (7), the appropriate Ministers ask the relevant planning authority for assistance in connection with their function under the sub-paragraph in question, they may require the nominated undertaker to reimburse to the relevant planning authority any expenses which the authority reasonably incurs in meeting the request. 45

- (9) Sub-paragraph (1) does not apply to a site—
- (a) to the extent that the site consists of land to which a scheme under paragraph 8 (waste or spoil etc) applies, or
  - (b) in relation to which the nominated undertaker is subject to an obligation under paragraph 5(1) of Schedule 15 (obligation to put land into such condition as an agreed scheme provides, before giving up possession of the land). 5

## PART 2

### QUALIFYING AUTHORITIES

#### *Specification of qualifying authorities* 10

- 13 (1) As soon after the day on which this Act is passed as the Secretary of State considers reasonably practicable, the Secretary of State must by order specify every planning authority which—
- (a) had, on or before the day on which the Bill for this Act was reported from Select Committee in the House of Lords, given the Secretary of State undertakings with respect to the handling of planning matters arising under this Schedule which he or she considered satisfactory, and 15
  - (b) has not subsequently been released from its undertakings.
- (2) Subject to the following provisions of this paragraph, an authority which is specified under sub-paragraph (1) is a qualifying authority for the purposes of this Schedule. 20
- (3) The Secretary of State may, if he or she considers it expedient to do so, by order provide that an authority is to cease to be a qualifying authority for the purposes of this Schedule. 25
- (4) If, in relation to a planning authority which is not a qualifying authority for the purposes of this Schedule, the Secretary of State considers that the way in which the authority carries out its functions has been significantly affected by a change of circumstances occurring since the relevant day, the Secretary of State may by order provide that the authority is to be a qualifying authority for the purposes of this Schedule. 30
- (5) In sub-paragraph (4), the reference to the relevant day is—
- (a) in relation to an authority which has never been a qualifying authority for the purposes of this Schedule, to the day mentioned in sub-paragraph (1)(a), and 35
  - (b) in relation to an authority which has been a qualifying authority for the purposes of this Schedule, to the day on which it ceased, or last ceased, to be such an authority.
- (6) Before making an order under sub-paragraph (3) or (4), the Secretary of State must consult— 40
- (a) the nominated undertaker, and
  - (b) unless the authority concerned has requested the making of the order, that authority.

*Transition*

- 14 (1) An order under paragraph 13 may contain such transitional provision and savings as the Secretary of State thinks fit.
- (2) Without prejudice to the generality of sub-paragraph (1), provision under that sub-paragraph may include provision with respect to the effect of the authority becoming or ceasing to be a qualifying authority in relation to an approval which has already been requested or given. 5
- (3) The Secretary of State may by agreement fetter the exercise of his or her discretion under sub-paragraph (1).

PART 3 10

APPROVALS: SUPPLEMENTARY

*Requests for planning approval*

- 15 A planning authority may only grant approval under Part 1 of this Schedule at the request of the nominated undertaker.
- 16 (1) A planning authority need not consider a request for approval under Part 1 of this Schedule unless – 15
- (a) the nominated undertaker has deposited with the authority a document setting out its proposed programme with respect to the making of requests under that Part to the authority, and
- (b) the request is accompanied by a document explaining how the matters to which the request relates fit into the overall scheme of the works authorised by this Act. 20
- (2) Sub-paragraph (1) does not apply to a request for approval of additional details.

- (d) for the remission or refunding of a fee in whole or part;
- (e) about the consequences of non-payment of a fee, including provision for the termination of the application concerned or any appeal against its refusal; 35
- (f) for the resolution of disputes.
- (3) Regulations under this paragraph may make such supplementary, incidental or consequential provision as the appropriate Ministers think fit.
- (4) Nothing in regulations under section 303 of the Town and Country Planning Act 1990 (fees for planning applications) applies to a request for approval under Part 1 of this Schedule. 40

*Consultation on requests for approval*

- 18 (1) This paragraph applies where a planning authority considers that a request for approval under Part 1 of this Schedule relates to matters which may affect any of the following –

- (4) Where under sub-paragraph (2) a planning authority has invited a body to make representations about a request for approval under Part 1 of this Schedule, it must not make any decision about the request until –
- (a) it has received representations from the body about the request, 25
  - (b) it has been informed by the body that it does not wish to make any representations, or
  - (c) 21 days have elapsed since the date of the invitation.
- (5) An invitation under sub-paragraph (2) must specify the time limit for making representations. 30

*Directions restricting powers of approval*

- 19 (1) The appropriate Ministers may by directions restrict a planning authority's powers in relation to the giving of approval under Part 1 of this Schedule.
- (2) Directions under this paragraph may –

  - (b) be expressed to have effect without a time-limit or during a specified period, and
  - (c) revoke or vary previous directions under this paragraph.

*Compulsory reference of requests for approval*

- 20 (1) The appropriate Ministers may by directions require a planning authority to refer any request for approval under Part 1 to them. 40

- 
- (2) In determining a request referred to them under this paragraph, the appropriate Ministers have the same powers as the authority making the reference.
- (3) The determination by the appropriate Ministers of a request referred to them under this paragraph is final. 5
- (4) Directions under this paragraph may –
- (a) be given in relation to a specified request or requests of a specified description, and
  - (b) revoke or vary previous directions under this paragraph.
- Non-material changes to approvals* 10
- 21 (1) A planning authority may at the request of the nominated undertaker make a non-material change to any approval given under Part 1 of this Schedule.
- (2) In deciding whether a change is material, a planning authority must have regard to the effect of the change, together with any previous changes made under this paragraph, on the approval as originally given. 15
- (3) The power under sub-paragraph (1) includes power to impose new conditions or to alter or remove existing conditions.
- (4) The approval as changed must represent an approval the authority could have given originally.
- (5) The consultation requirements in this Part of this Schedule do not apply to a change under this paragraph. 20
- Appeals*
- 22 (1) Where the nominated undertaker is aggrieved by a decision of a planning authority on a request for approval under Part 1 (including a decision to require additional details), it may appeal to the appropriate Ministers by giving notice of the appeal in the prescribed form to them and to the authority whose decision is appealed against within 42 days of notification of the decision. 25
- (2) On an appeal under this paragraph, the appropriate Ministers may allow or dismiss the appeal or vary the decision of the authority whose decision is appealed against, but may only make a determination involving – 30
- (a) the refusal of approval, or
  - (b) the imposition of conditions on approval,
- on a ground open to that authority.
- (3) Where, following receipt by a planning authority of a request by the nominated undertaker for approval under Part 1, the authority does not notify the undertaker within the appropriate period – 35
- (a) of its decision on the request, or
  - (b) that the request has been referred to the appropriate Ministers in accordance with directions under paragraph 20, 40
- this paragraph applies as if the authority had refused the request and notified the undertaker of its decision on the last day of the appropriate period.

- 
- (4) For the purposes of sub-paragraph (3), the appropriate period is the period of 8 weeks beginning with the date on which the request was received by the planning authority or such extended period as may be agreed upon in writing between the authority and the nominated undertaker.
- (5) The appropriate Ministers may by regulations make provision for the extension of the appropriate period for the purposes of sub-paragraph (3) in connection with the payment of fees by means of cheque. 5
- (6) An agreement under sub-paragraph (4) may be made after, as well as before, the end of the appropriate period.
- (7) No agreement may be made under sub-paragraph (4) to extend a period after it has ended if the nominated undertaker has given notice of appeal against the refusal which is deemed under sub-paragraph (3) to have occurred because of the ending of the period. 10
- (8) Where an agreement under sub-paragraph (4) to extend a period is made after the period has ended, sub-paragraph (3) is to be treated as not having applied when the period ended. 15
- (9) In this paragraph, “prescribed” means prescribed by regulations made by the appropriate Ministers.
- (10) No appeal under section 78 of the Town and Country Planning Act 1990 (right to appeal against planning decisions and failure to take such decisions) may be made against a decision, or failure to notify a decision, in relation to which a right of appeal arises under this paragraph. 20
- 23 (1) Unless the appropriate Ministers direct otherwise, their functions in relation to the determination of an appeal under paragraph 22 must, instead of being carried out by them, be carried out by a person appointed by them for the purpose. 25
- (2) The appropriate Ministers may by a further direction revoke a direction under sub-paragraph (1) at any time before the determination of the appeal.
- (3) A direction under sub-paragraph (1) or (2) must be served on the nominated undertaker and the planning authority whose decision is appealed against. 30
- (4) At any time before the determination of an appeal by a person appointed for the purpose under this paragraph, the appropriate Ministers may revoke the appointment and appoint another person to determine the appeal instead.
- (5) Where the function of determining an appeal under paragraph 22 is transferred from one person to another, the person to whom the function is transferred must consider the matter afresh, but the fact that the function is transferred does not entitle any person to make fresh representations or to modify or withdraw any representations already made. 35
- (6) If the appropriate Ministers determine an appeal which another person was previously appointed to determine, they may, in determining it, take into account any report made to them by that person. 40
- 24 The decision of the person appointed under paragraph 23, or, as the case may be, of the appropriate Ministers, on an appeal under paragraph 22 is final.
- 25 (1) An appeal under paragraph 22 is to be dealt with on the basis of written representations, unless the person deciding the appeal directs otherwise. 45

- (2) Subject to that, the appropriate Ministers may by regulations make such provision as they think fit about procedure in relation to appeals under paragraph 22.
- (3) Regulations under this paragraph may, in particular –
- (a) make provision for a time limit within which any person entitled to make representations must submit them in writing and any supporting documents, 5
  - (b) empower the person deciding an appeal to proceed to a decision taking into account only such written representations and supporting documents as were submitted within the time limit, and 10
  - (c) empower the person deciding an appeal, after giving written notice of intention to do so to the nominated undertaker and the planning authority whose decision is appealed against, to proceed to a decision notwithstanding that no written representations were made within the time limit, if it appears to the person that there is sufficient material before the person to enable a decision on the merits of the case. 15
- (4) Regulations under this paragraph may, in relation to such a time limit as is mentioned in sub-paragraph (3)(a) –
- (a) prescribe the time limit in regulations, or 20
  - (b) enable the appropriate Ministers to give directions setting the time limit in a particular case or class of case.

*Guidance by Secretary of State*

- 26 (1) The Secretary of State may give guidance to planning authorities in relation to the exercise of their functions under this Schedule. 25
- (2) A planning authority must have regard to the guidance.
- (3) The guidance may make different provision for different cases.

- (4) In this paragraph “appropriate Ministers” means the Secretary of State for Transport acting jointly with either the Secretary of State for Environment, 50

Food and Rural Affairs or the Secretary of State for Energy and Climate Change.

- 20 (1) This paragraph applies where –
- (a) the nominated undertaker for the purpose of constructing any work authorised by this Act in, on or under any land, requires the removal of any apparatus placed in that land, and gives the undertakers not less than 28 days' written notice of that requirement, together with a plan of the proposed work, and of the proposed position of the alternative apparatus to be provided or constructed, or 5
  - (b) in consequence of the exercise of any of the powers of this Act, the undertakers reasonably require to remove any apparatus. 10
- (2) Where it is reasonably practicable to do so, the nominated undertaker or the Secretary of State must afford the undertakers the requisite facilities and rights for the construction of any necessary alternative apparatus in other land which is available for the purpose and which is held or used, or intended for use, by the nominated undertaker for the purposes of its undertaking under this Act or held by the Secretary of State, or in which either of them has sufficient rights or interests and subsequently for the maintenance, repair, renewal and inspection of such apparatus. 15
- (3) Sub-paragraph (4) applies where facilities and rights required for the construction of apparatus under sub-paragraph (2) are to be afforded elsewhere than in such other land and neither the nominated undertaker nor the Secretary of State is able to afford such facilities and rights. 20
- (4) The undertakers must, on receipt of a written notice from the nominated undertaker that this sub-paragraph applies, as soon as reasonably possible use their best endeavours to obtain the necessary facilities and rights; and neither the nominated undertaker nor the Secretary of State is obliged to provide such facilities and rights in the other land. 25
- 21 (1) Any alternative apparatus to be constructed by the undertakers in pursuance of paragraph 20 in land held or used, or intended for use, by the nominated undertaker for the purposes of its undertaking under this Act or held by the Secretary of State, or in which the undertakers have obtained the necessary facilities and rights, must be constructed in such manner, and in such line or situation and in accordance with such programme, as is – 30
- (a) agreed between the undertakers and the nominated undertaker with a view to securing, among other things, the efficient implementation of the necessary work, the avoidance of unnecessary delay and the continued fulfilment by the undertakers of their service obligations to a standard no less than that achieved prior to the removal of the apparatus which the alternative apparatus replaces, or 35
  - (b) in default of agreement, determined in accordance with paragraph 31. 40
- (2) If the undertakers fail to comply with an agreement made under sub-paragraph (1), or with a determination under paragraph 31, they must compensate the nominated undertaker in respect of any loss or damage directly resulting from the failure, other than loss or damage arising from matters outside the reasonable control of the undertakers or loss of, or arising from delayed receipt of, operating revenue due to delayed opening of Phase One of High Speed 2. 45
- 22 (1) This paragraph applies where – 50

- (a) the manner of construction and the line and situation of any necessary alternative apparatus have been agreed or determined as provided under paragraph 21, and
    - (b) any such facilities and rights as are referred to in paragraph 20 have been granted to or obtained by the undertakers, or an undertaking has been given that such facilities or rights will be granted. 5
  - (2) The undertakers must proceed with all reasonable despatch to—
    - (a) construct and bring into operation the alternative apparatus, and
    - (b) remove any apparatus required by the nominated undertaker to be removed under the provisions of this Part. 10
  - (3) If the undertakers fail to comply with sub-paragraph (2)(b), the nominated undertaker may remove the apparatus.
  - (4) Following the removal of apparatus under the provisions of this Part, or its abandonment, any rights of the undertakers relating to that apparatus in or over the land in which it was or is situated are extinguished and all responsibility of the undertakers for any apparatus which is abandoned is to cease. 15
- 23
- (1) This paragraph applies where the nominated undertaker gives notice to the undertakers that it desires to carry out any part of so much of the work necessary in connection with the construction of the alternative apparatus, or the removal of the apparatus required to be removed, as is or will be situated in any lands—
    - (a) held or used, or intended for use, by the nominated undertaker for the purposes of its undertaking under this Act, or
    - (b) held by the Secretary of State. 25
  - (2) Such work, instead of being carried out by the undertakers, must be carried out by the nominated undertaker—
    - (a) in accordance with plans and specifications and in a position agreed between the undertakers and the nominated undertaker, or, in default of agreement, determined in accordance with paragraph 31, and
    - (b) with all reasonable despatch under the superintendence (if given) and to the reasonable satisfaction of the undertakers. 30
  - (3) Nothing in this paragraph authorises the nominated undertaker to carry out any connection to or disconnection of any existing apparatus or to carry out any works associated with a connection or disconnection within 600 millimetres of the point of connection or disconnection. 35
- 24
- (1) This paragraph applies where, in accordance with the provisions of this Part, the nominated undertaker or the Secretary of State affords to the undertakers facilities and rights for the construction, maintenance, repair, renewal and inspection of alternative apparatus on land—
    - (a) held or used, or intended for use, by the nominated undertaker for the purposes of its undertaking under this Act, or
    - (b) held by the Secretary of State. 40
  - (2) Those facilities and rights must be granted upon such terms and conditions as may be—
    - (a) agreed between the nominated undertaker or, as the case may be, the Secretary of State, and the undertakers, or 45

- 
- (b) in default of agreement, determined in accordance with paragraph 31.
- (3) In determining such terms and conditions in respect of alternative apparatus, a person making a determination under paragraph 31 must have regard to any template provisions issued by the appropriate Ministers and determined in accordance with sub-paragraph (4); and must— 5
- (a) give effect to all reasonable requirements of the nominated undertaker for ensuring the safety and efficient operation of the works authorised by this Act and for securing any subsequent alterations or adaptations of the alternative apparatus which may be required to prevent interference with any proposed works of the nominated undertaker or the use of the same, and 10
- (b) have regard to the undertakers’ ability to fulfil their service obligations.
- (4) For the purposes of determining the matters under sub-paragraph (3) the appropriate Ministers must consult the undertakers to which paragraph 24 may apply on the form of the proposed template provisions, and any objections to the form of those provisions which have not been resolved within six months after this Act comes into force must be referred to an independent person acting as an expert appointed to make a final determination as to the form of the template provisions. 15 20
- (5) The independent person making a determination under sub-paragraph (4) is to be appointed by the President of the Royal Institution of Chartered Surveyors and in making that determination that person must have regard to the matters specified in sub-paragraph (3)(a) and (b). 25
- (6) If the facilities and rights to be afforded by the nominated undertaker or the Secretary of State in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted, are more or less favourable on the whole to the undertakers than the facilities, rights, terms and conditions applying to the apparatus to be removed, compensation must be paid to or by the nominated undertaker or the Secretary of State to or by the undertakers in respect of the difference as is reasonable having regard to all the circumstances of the case. 30
- (7) In this paragraph “the appropriate Ministers” means the Secretary of State for Transport acting jointly with the Secretary of State for Environment, Food and Rural Affairs and the Secretary of State for Energy and Climate Change. 35
- 25 (1) Not less than 28 days before commencing to construct any work authorised by this Act which is near to, or will or may affect, any apparatus the removal of which has not been required by the nominated undertaker under paragraph 20, the nominated undertaker must submit to the undertakers a plan and description of the work and of any protective measures which the nominated undertaker proposes to take in respect of that apparatus, together with a specification of such measures where appropriate. 40
- (2) The work must be constructed only in accordance with the plan and description submitted under sub-paragraph (1) and in accordance with such reasonable requirements as may be made by the undertakers for the alteration or otherwise for the protection of the apparatus or for securing access to the apparatus, and the undertakers are to be entitled by their officer to watch and inspect the construction of the work. 45 50

- (3) If the undertakers within 14 days after the submission to them of any such plan and description, in consequence of the works proposed by the nominated undertaker, reasonably require the removal of any apparatus and give written notice to the nominated undertaker of that requirement, this Part has effect as if the removal of such apparatus had been required by the nominated undertaker under paragraph 20. 5
- (4) Nothing in sub-paragraphs (1) to (3) precludes the nominated undertaker from submitting at any time, or from time to time, but in no case less than 28 days before commencing the construction of the work, a new plan and description of it in lieu of the plan and description previously submitted, and having done so the provisions of those sub-paragraphs apply to and in respect of the new plan and description. 10
- (5) The nominated undertaker is not required to comply with sub-paragraphs (1) to (3) in a case of emergency but in such a case it must give notice to the undertakers as soon as reasonably practicable and a plan and description of those works as soon as reasonably practicable subsequently, and must comply with those sub-paragraphs so far as reasonably practicable in the circumstances. 15
- 26 (1) If in consequence of the exercise of the powers of this Act the access to any apparatus is materially obstructed the nominated undertaker must, so far as reasonably practicable, provide alternative means of access to such apparatus which is no less convenient than the access enjoyed by the undertakers prior to the obstruction. 20
- (2) The nominated undertaker must, so far as is reasonably practicable, so exercise its powers under paragraphs 2 to 6 of Schedule 2 as not to obstruct or render less convenient the access to any apparatus. 25
- (3) Notwithstanding the temporary stopping up or diversion of any highway under paragraph 6 of Schedule 4, the undertakers may do all such works and things in any such highway as may be reasonably necessary to enable them to inspect, repair, maintain, renew, remove or use any apparatus which at the time of the stopping up or diversion was in that highway. 30
- 27 Where, in consequence of this Act, any part of any highway in which any apparatus is situate ceases to be part of a highway, the undertakers may exercise the same rights of access to such apparatus as they enjoyed immediately before the passing of this Act, but nothing in this paragraph is to affect any right of the nominated undertaker or of the undertakers to require removal of that apparatus under this Part or the power of the nominated undertaker to construct works in accordance with paragraph 25. 35
- 28 (1) Subject to the following provisions of this paragraph, the nominated undertaker must repay to the undertakers the reasonable expenses incurred by the undertakers in, or in connection with— 40
- (a) the removal and relaying or replacing, alteration or protection of any apparatus or the construction of any new apparatus under any provision of this Part,
- (b) the cutting off of any apparatus from any other apparatus in consequence of the exercise by the nominated undertaker of any power under this Act, and 45
- (c) any other work or thing rendered reasonably necessary in consequence of the exercise by the nominated undertaker of any such power. 50

- 
- (2) The value of any apparatus removed under the provisions of this Part is to be deducted from any sum payable under sub-paragraph (1), that value being calculated after removal.
- (3) Sub-paragraph (4) applies where, in pursuance of the provisions of this Part— 5
- (a) alternative apparatus of better type, or greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, of smaller capacity or of smaller dimensions, except where this has been solely due to using the nearest currently available type, or
- (b) apparatus (whether existing apparatus or alternative apparatus) is placed at a depth greater than the depth at which the existing apparatus was situated. 10
- (4) If the placing of apparatus of that type or capacity or of those dimensions, or the placing of apparatus at that depth, as the case may be, is not agreed by the nominated undertaker or, in default of agreement, is not determined to be necessary in accordance with paragraph 31, then, if it involves cost in the construction of works under paragraph 23 exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this sub-paragraph would be payable to the undertakers by virtue of sub-paragraph (1) is to be reduced by the amount of that excess 15
- (5) For the purposes of sub-paragraphs (3) and (4)— 20
- (a) an extension of apparatus to a length greater than the length of existing apparatus is not to be treated as a placing of apparatus of greater dimensions than those of the existing apparatus except in a case where the apparatus as so extended serves a purpose (either additional to or instead of that served by the existing apparatus) which was not served by the existing apparatus, and 25
- (b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole is to be treated as if it also had been agreed or had been so determined. 30
- (6) An amount which apart from this sub-paragraph would be payable to the undertakers in respect of works by virtue of this paragraph must, if the works include the placing of apparatus provided in substitution for apparatus placed more than seven and a half years earlier so as to confer on the undertakers any financial benefit by deferment of the time for renewal of the apparatus or of the system of which it forms part in the ordinary course, be reduced by the amount which represents that benefit. 35
- (7) In any case where work is carried out by the nominated undertaker pursuant to paragraph 23 and, if such work had been carried out by the undertakers, the repayment made to the undertakers under this paragraph would fall to be reduced pursuant to sub-paragraphs (3) to (6), the undertakers must pay to the nominated undertaker such sum as represents the amount of that reduction. 40
- 29 (1) This paragraph applies where, by reason of the construction of any of the works authorised by this Act, or any subsidence resulting from any of those works, any damage is caused to any apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal 45

- for the purposes of those works) or property of the undertakers, or there is any interruption in any service provided by any of the undertakers
- (2) Subject to sub-paragraphs (3) and (4), the nominated undertaker must –
- (a) bear and pay the cost reasonably incurred by the undertakers in making good such damage or restoring the supply 5
  - (b) make reasonable compensation to the undertakers for loss sustained by them by reason of any such damage or interruption, and
  - (c) indemnify the undertakers against claims, demands, proceedings, and damages which may be made or taken against, or recovered from the undertakers by reason of any such damage or interruption. 10
- (3) Nothing in sub-paragraph (2) is to impose any liability on the nominated undertaker with respect to any damage or interruption to the extent that it is attributable to the act, neglect or default of the undertakers, their officers, servants, contractors or agents.
- (4) The undertakers must give the nominated undertaker reasonable notice of any such claim or demand and no settlement or compromise of any such claim or demand must be made without the consent of the nominated undertaker which, if it withholds such consent, must have the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand. 15  
20
- 30 In any case where Network Rail Infrastructure Limited (“Network Rail”) is the nominated undertaker the provisions of this Part have effect subject to any existing agreement between Network Rail and an undertaker relating to apparatus laid or erected on land belonging to Network Rail.
- 31 (1) Any dispute arising between the nominated undertaker and the undertakers under this Part is to be determined by arbitration if – 25
- (a) the parties agree, or
  - (b) the dispute relates to the amount of any sum payable under this Part, but otherwise is to be determined by a person appointed by the appropriate Ministers. 30
- (2) Any person appointed by the appropriate Ministers under sub-paragraph (1) must, in determining any dispute arising under this Part, have regard to such matters as may be specified by the appropriate Ministers on making the appointment.
- (3) The costs and fees of the person determining the dispute and the costs of the parties to the dispute are to be allocated between the parties as that person may direct. 35
- (4) In this paragraph “the appropriate Ministers” means the Secretary of State for Transport acting jointly with either the Secretary of State for Environment, Food and Rural Affairs or the Secretary of State for Energy and Climate Change. 40

### PART 3

#### ELECTRONIC COMMUNICATIONS CODE NETWORKS

- 32 (1) The following provisions of this Part have effect, unless otherwise agreed in writing between the nominated undertaker, or the Secretary of State as the 45

- case may be, and an operator of an electronic communications code network.
- (2) In this Part—
- “alternative apparatus” means apparatus provided in replacement of electronic communications apparatus in connection with the construction of the authorised works; 5
  - “the appropriate Ministers” means the Secretary of State for Transport and the Secretary of State for Culture Media and Sport acting jointly;
  - “the authorised works” means the works authorised by this Act;
  - “construction” includes installation (and “construct” is to be construed accordingly); 10
  - “electronic communications code” means the electronic communications code contained in Schedule 2 to the Telecommunications Act 1984;
  - “operator”, “electronic communications apparatus”, and “electronic communications code network” have the meanings given by paragraph 1(1) of Schedule 17 to the Communications Act 2003. 15
- 33 (1) Subject to sub-paragraph (2), paragraph 23 of the electronic communications code applies for the purposes of the authorised works.
- (2) Paragraphs 21 and 23 of the electronic communications code do not apply for the purposes of the authorised works— 20
- (a) insofar as such works are regulated by the New Roads and Street Works Act 1991 or any regulation made under that Act,
  - (b) where the nominated undertaker exercises a right under subsection (4)(b) of section 272 of the Town and Country Planning Act 1990 or under an order made under that section to remove electronic communications apparatus, or 25
  - (c) in respect of any matter regulated by sub-paragraphs (3) to (8) of paragraph 35.
- 34 The temporary stopping up or diversion of any highway under paragraph 6 of Schedule 4 does not affect any right of an operator under paragraph 9 of the electronic communications code in respect of any apparatus which at the time of the stopping up or diversion is in the highway. 30
- 35 (1) Where a highway is stopped up under paragraph 2 or 3 of Schedule 4, any operator of an electronic communications code network whose electronic communications apparatus is under, over, in, on, along or across that highway may exercise the same rights of access in order to inspect, maintain, adjust, repair or alter that apparatus as if this Act had not been passed, but this is subject to sub-paragraph (2). 35
- (2) Nothing in sub-paragraph (1) affects any right of the nominated undertaker or the operator to require removal of that apparatus under this Part or the power of the nominated undertaker to alter or remove apparatus in accordance with paragraph 23 of the electronic communications code. 40
- (3) The nominated undertaker must give not less than 28 days’ notice of its intention to stop up any highway under paragraph 2 or 3 of Schedule 4 to any operator of an electronic communications code network whose apparatus is under, over, in, on, along or across the highway. 45

- (4) Where a notice under sub-paragraph (3) has been given, the operator, if it reasonably considers that it is necessary for the safe and efficient operation and maintenance of the apparatus, may, and if reasonably requested so to do by the nominated undertaker in the notice, must, as soon as reasonably practicable after the service of the notice – 5
- (a) remove the apparatus and place it or other apparatus provided in substitution for it in such other position as the operator may reasonably determine and have power to place it, or
  - (b) provide other apparatus in substitution for the existing apparatus and place it in such other position as described in paragraph (a). 10
- (5) Subject to the following provisions of this paragraph the nominated undertaker must pay to any operator of an electronic communications code network an amount equal to the cost reasonably incurred by the operator in or in connection with –
- (a) the execution of relocation works required in consequence of the stopping up of the highway, and 15
  - (b) the doing of any other work or thing rendered necessary by the execution of relocation works.
- (6) Sub-paragraph (7) applies where –
- (a) in the course of the execution of relocation works under sub-paragraph (4) – 20
    - (i) apparatus of better type, greater capacity or greater dimensions is placed in substitution for existing apparatus of worse type, smaller capacity or smaller dimensions, except where this has been solely due to using the nearest currently available type, capacity or dimension, or 25
    - (ii) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which existing apparatus was, and
  - (b) the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the nominated undertaker, or, in default of agreement, is not determined to be necessary in consequence of the construction of the authorised works in order to ensure the continued efficient operation of the electronic communications code network of the operator. 30 35
- (7) If the execution of the relocation works involves cost exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this paragraph would be payable to the operator by virtue of sub-paragraph (5) is to be reduced by the amount of that excess. 40
- (8) For the purposes of sub-paragraphs (6) and (7) –
- (a) an extension of apparatus to a length greater than the length of existing apparatus is not to be treated as a placing of apparatus of greater dimensions than those of the existing apparatus except in a case where the apparatus as so extended provides more than an equivalent service, and 45
  - (b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole (in either case of such type, capacity and dimensions as is 50

- reasonably appropriate) is to be treated as if it also had been agreed or had been so determined.
- (9) The amount which apart from this sub-paragraph would be payable to an operator in respect of works by virtue of sub-paragraph (5) (and having regard, where it applies, to sub-paragraph (7)) must, if the works include the placing of apparatus provided in substitution for apparatus placed more than seven and a half years earlier so as to confer on the operator any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit. 5
- (10) Sub-paragraphs (5) to (9) do not apply where the authorised works constitute major transport works or major highway works for the purpose of Part 3 of the New Roads and Street Works Act 1991 (including that provision as applied by paragraph 8 of Schedule 4 to this Act), but instead – 10
- (a) the allowable costs of any relocation works are to be determined in accordance with section 85 of that Act (sharing of costs of necessary measures) and any regulations for the time being having effect under that section, and 15
- (b) the allowable costs are to be borne by the nominated undertaker and the operator in such proportions as may be prescribed by any such regulations. 20
- 36 (1) Where the nominated undertaker or the Secretary of State affords to an operator facilities and rights for the construction, maintenance, repair, renewal and inspection of alternative apparatus on land held or used, or intended for use, by the nominated undertaker for the purposes of its undertaking under this Act or held by the Secretary of State, those facilities and rights must be granted upon such terms and conditions as may be agreed between the nominated undertaker or, as the case may be, the Secretary of State, and the operator or, in default of agreement, determined in accordance with paragraph 39. 25
- (2) In determining such terms and conditions, a person making a determination under paragraph 39 must have regard to any template provisions issued by the appropriate Ministers and determined in accordance with sub-paragraph (3); and must – 30
- (a) give effect to all reasonable requirements of the nominated undertaker for ensuring the safety and efficient operation of the authorised works and for securing any subsequent alterations or adaptations of the alternative apparatus which may be required to prevent interference with any proposed works of the nominated undertaker or the use of the same; and 35
- (b) have regard to the operator’s ability to fulfil its service obligations. 40
- (3) For the purposes of determining the matters under sub-paragraph (2) the appropriate Ministers must consult the operators to which paragraph 36 may apply on the form of the proposed template provisions, and any objections to the form of those provisions which have not been resolved within six months after this Act comes into force must be referred to an independent person acting as an expert appointed to make a final determination as to the form of the template provisions. 45
- (4) The independent person making a determination under sub-paragraph (3) is to be appointed by the President of the Royal Institution of Chartered

- Surveyors and in making that determination that person must have regard to the matters specified in sub-paragraph (2)(a) and (b).
- (5) If the facilities and rights to be afforded by the nominated undertaker or the Secretary of State in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted are more or less favourable on the whole to the operator than the facilities, rights, terms and conditions applying to the apparatus to be removed, compensation must be paid to or by the nominated undertaker or the Secretary of State to or by the operator in respect of the difference as is reasonable having regard to all the circumstances of the case.
- 37 (1) Sub-paragraph (2) applies where, by reason of the construction of the authorised works or any subsidence resulting from any of those works –
- (a) damage is caused to any electronic communications apparatus, other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works,
  - (b) damage is caused to property of the operator of an electronic communications code network, or
  - (c) there is any interruption in the supply of the service provided by the operator.
- (2) The nominated undertaker must –
- (a) bear and pay the cost reasonably incurred by the operator in making good such damage or restoring the supply,
  - (b) make reasonable compensation to the operator for loss sustained by it, and
  - (c) indemnify the operator against all claims, demands, proceedings, or damages which may be made or taken against, or recovered from, the operator, by reason of any such damage or interruption.
- But this is subject to sub-paragraphs (3) to (5).
- (3) Sub-paragraph (2) does not apply in connection with any apparatus in respect of which the relations between the nominated undertaker and the operator are regulated by the provisions of Part 3 of the New Roads and Street Works Act 1991.
- (4) Nothing in sub-paragraph (2) is to impose any liability on the nominated undertaker with respect to any damage or interruption to the extent that it is attributable to the act, neglect or default of the operator, its officers, servants, contractors or agents.
- (5) The operator must give the nominated undertaker reasonable notice of any such claim or demand and no settlement or compromise of any such claim or demand is to be made without the consent of the nominated undertaker which, if it withholds such consent, is to have the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand.
- (6) This paragraph applies instead of paragraph 14 of Schedule 2 in relation to the exercise of the powers of paragraphs 2 to 6 of that Schedule.
- 38 In any case where Network Rail Infrastructure Limited (“Network Rail”) is the nominated undertaker the provisions of this Part have effect subject to any existing agreement between Network Rail and an operator relating to apparatus laid or erected on land belonging to Network Rail.

- 39 (1) Any dispute arising between the nominated undertaker and an operator under this Part is to be determined by arbitration if –
- (a) the parties agree, or
  - (b) the dispute relates to the amount of any sum payable under this Part, but is otherwise to be determined by a person appointed by the appropriate Ministers. 5
- (2) Any person appointed by the appropriate Ministers under sub-paragraph (1) must, in determining any dispute arising under this Part, have regard to such matters as may be specified by the appropriate Ministers on making the appointment. 10
- (3) The costs and fees of the person determining the dispute and the costs of the parties to the dispute are to be allocated between the parties as that person may direct.

#### PART 4

#### CANAL & RIVER TRUST 15

- 40 (1) The following provisions of this Part have effect, unless otherwise agreed in writing between the nominated undertaker, or the Secretary of State as the case may be, and Canal & River Trust.
- (2) In this Part –
- “the canal” means any canal or waterway owned or managed by Canal & River Trust, and includes any works connected therewith for the maintenance of which Canal & River Trust is responsible and any lands held or used by Canal & River Trust for the purposes of the canal including the towpath beside a canal or waterway; 20
  - “construction” includes execution, placing, altering, replacing and relaying and includes removal; 25
  - “plans” includes sections, drawings, specifications and method statements;
  - “specified work” means so much of any permanent or temporary work authorised by this Act as is in, across, under, or within 15 metres of, or may in any way affect, the canal. 30
- 41 The Secretary of State must not under the powers under section 4(1) acquire compulsorily any land of Canal & River Trust or any easement or other right over such land other than such land, or easements or other rights, as is reasonably necessary for, or in connection with, the construction, maintenance or operation of works authorised by this Act having regard also to the statutory duties of Canal & River Trust. 35
- 42 (1) Before beginning to construct any specified work, the nominated undertaker must submit to Canal & River Trust plans of the work and such further particulars available to it as Canal & River Trust may within 14 days of the submission of the plans reasonably require. 40
- (2) Any specified work must not be constructed except in accordance with such plans as may be approved in writing by Canal & River Trust or determined under paragraph 50.
- (3) Any approval of Canal & River Trust required under this paragraph must not be unreasonably withheld and – 45

- (a) is to be deemed to have been given if it is neither given nor refused (with an indication of the grounds for refusal) within 28 days of the submission of the plans for approval or where further particulars are submitted under paragraph 42(1), within 28 days of the submission of those particulars; and 5
- (b) may be given subject to such reasonable requirements as Canal & River Trust may make for the purpose of ensuring the safety or stability of the canal, including requirements as to the construction of protective works.
- 43 (1) Any specified work, and any protective works required by Canal & River Trust under paragraph 42(3)(b), must be constructed with all reasonable despatch to the reasonable satisfaction of Canal & River Trust, and in such manner as to cause as little damage to the canal as may be reasonably practicable and as little interference as may be reasonably practicable with the passage of vessels using the canal and use of the towpath, and Canal & River Trust is to be entitled by its officer at all reasonable times, on giving such notice as may be reasonable in the circumstances, to inspect the construction of such work or works. 10 15
- (2) The nominated undertaker must give to Canal & River Trust not less than 28 days' notice of its intention to commence construction of any specified work or any protective works and also, except in emergency (when the nominated undertaker is to give such notice as may be reasonably practicable), of its intention to carry out any works for the repair or maintenance of any specified work insofar as such works of repair or maintenance affect or interfere with the canal. 20 25
- 44 (1) The nominated undertaker must not deposit any polluting material on, in or over the canal and must not without the consent of Canal & River Trust—
- (a) deposit any other materials on, in or over the canal (other than materials comprised in a specified work); or
- (b) notwithstanding anything in this Act, discharge any water directly or indirectly into the canal. 30
- (2) Any consent of Canal & River Trust required under this paragraph is not to be unreasonably withheld and—
- (a) is to be deemed to have been given if it is neither given nor refused within 28 days of the submission of the request for it; and 35
- (b) may be given subject to such reasonable requirements as Canal & River Trust may make—
- (i) in the case of a deposit, so as to ensure that the use of the canal is not obstructed or rendered less safe, and
- (ii) in the case of a discharge, concerning the reimbursement by the nominated undertaker of expenses incurred by Canal & River Trust in disposing of the water so discharged, being expenses which Canal & River Trust would not have incurred but for the discharge. 40
- 45 In its application to the discharge of water into the canal, paragraph 8(5) of Schedule 2 has effect subject to the terms of any conditions attached to the consent under paragraph 44(2) and, where such discharge includes a deposit to which consent has been given under paragraph 44(1), to any conditions attached to that consent. 45

- 
- 46 (1) If as a result of the construction of any specified work any part of the towpath or access way beside the canal, or any public right of way giving access to that path or way, is temporarily closed to pedestrians or cyclists and there is no way which provides a reasonable alternative, the nominated undertaker must, so far as reasonably practicable and to the extent that it is consistent with safety, provide a substitute path or paths for such time as the closure continues. 5
- (2) This paragraph is without prejudice to the requirements of paragraph 6(2) or (5) of Schedule 4.
- 47 (1) If any canal work is abandoned, Canal & River Trust may by notice require the nominated undertaker to take such reasonable steps as may be specified in the notice to remove the work and (to such extent as Canal & River Trust reasonably requires) to restore the site to its former condition. 10
- (2) If any canal work is in such condition that it is, or is likely to become, a danger to or to interfere with navigation, Canal & River Trust may by notice require the nominated undertaker to take such reasonable steps as may be specified in the notice – 15
- (a) to repair and restore the work or part of it, or
- (b) if the nominated undertaker so elects, to remove the work and (to such extent as Canal & River Trust reasonably requires) to restore the site to its former condition. 20
- (3) If –
- (a) a work which consists of a canal work and a non-canal work is abandoned or falls into decay; and
- (b) the non-canal work is in such a condition as to interfere with the right of navigation in the relevant canal or as to interfere with the rights of access or use of land adjacent to the relevant canal, 25
- Canal & River Trust may include the non-canal work, or any part of it, in any notice under this paragraph.
- (4) If after such reasonable period as may be specified in a notice under this paragraph the nominated undertaker has failed to begin taking steps to comply with the requirements of the notice or after beginning has failed to make reasonably expeditious progress towards their implementation, Canal & River Trust may carry out the works specified in the notice and any expenditure reasonably incurred by it in so doing is to be recoverable from the nominated undertaker. 30
- (5) In this paragraph “canal work” means so much of any specified work or any other work of which the nominated undertaker is in possession under the powers of this Act as is in or over a canal owned or managed by Canal & River Trust and “non-canal work” means so much of any such work as is not in or over a canal. 35
- 48 (1) The nominated undertaker must indemnify Canal & River Trust from all claims, demands, proceedings or damages, which may be made or given against, or recovered from Canal & River Trust by reason of any damage to the canal which is caused by the construction of any specified work or protective work or any act or omission of the nominated undertaker, its contractors, agents or employees whilst engaged upon the work and from any costs reasonably incurred in making good such damage. 45

- (2) Canal & River Trust must give to the nominated undertaker reasonable notice of any such claim or demand and no settlement or compromise of any such claim or demand is to be made without the consent of the nominated undertaker which, if it notifies Canal & River Trust that it desires to do so, is to have the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand. 5
- 49 (1) Nothing in paragraph 48 is to impose any liability on the nominated undertaker with respect to any damage to the extent that it is attributable to the act, neglect or default of Canal & River Trust, its officers, servants, contractors or agents. 10
- (2) But the fact that any work or thing has been executed or done in accordance with a plan approved or deemed to be approved by Canal & River Trust, or to its satisfaction, or in accordance with a determination under paragraph 50, does not (in the absence of negligence on the part of Canal & River Trust, its officers, servants, contractors or agents) relieve the nominated undertaker from any liability under the provisions of this Part. 15
- 50 (1) Any dispute arising between the nominated undertaker and Canal & River Trust under this Part of this Schedule is to be determined by arbitration if –
- (a) the parties agree, or
  - (b) the dispute relates to the amount of any sum payable under this Part, but must otherwise be determined by a person appointed by the appropriate Ministers. 20
- (2) Any person appointed by the appropriate Ministers under sub-paragraph (1) must, in determining any dispute arising under this Part, have regard to such matters as may be specified by the appropriate Ministers on making the appointment. 25
- (3) In this paragraph, the reference to the appropriate Ministers is to the Secretary of State for Transport and the Secretary of State for Environment, Food and Rural Affairs acting jointly.

  - (c) affect the conservation, distribution or use of water resources;

- “a category 2 specified work” means any of the following –

- “plans” includes sections, drawings, specifications and method statements;
- “watercourse” includes all rivers, streams, ditches, drains, cuts, culverts, dykes, sluices, sewers and passages through which water flows except a public sewer as defined by the Water Industry Act 1991. 35
- (3) Where any approval is required under this Part from a local drainage authority, that authority must –
- (a) have regard, in imposing any conditions or requirements, to any model conditions issued by the Agency (following consultation with the other drainage authorities and the nominated undertaker); 40
  - (b) consult the Agency in any case where it proposes to impose conditions or requirements, or to refuse approval, and must specifically seek the Agency’s advice concerning any proposal to depart from the model conditions; 45
  - (c) provide the nominated undertaker with reasons and supporting evidence in any case where it gives a decision which does not accord with the view or advice of the Agency given in response to consultation under paragraph (b). 50

- 52 (1) Before beginning to construct any specified work, the nominated undertaker must submit to the drainage authority plans of the work and such further particulars available to it as the drainage authority may within 28 days of the submission of the plans reasonably require.
- (2) Any such specified work must not be constructed except in accordance with such plans as may be approved in writing by the drainage authority, or determined under paragraph 61. 5
- (3) Any approval of the drainage authority required under this paragraph –
- (a) must not be unreasonably withheld,
- (b) is to be deemed to have been given if it is neither given nor refused within 56 days of the submission of the plans for approval or where further particulars are submitted under sub-paragraph (1), within 56 days of the submission of those particulars, and 10
- (c) may be given subject to such reasonable requirements or conditions as the drainage authority may make for the protection of any drainage work or fishery or for the protection of water resources, or for the prevention of flooding or pollution or in the discharge of its statutory environmental duties. 15
- 53 The requirements which the drainage authority may make under paragraph 52 include conditions requiring the nominated undertaker at its own expense to construct such protective works (including any new works as well as alterations to existing works) as are reasonably necessary –
- (a) to safeguard any drainage work against damage, or
- (b) to secure that its efficiency for flood defence purposes is not impaired and that the risk of flooding is not otherwise increased, 25
- by reason of the specified work.
- 54 (1) Any specified work, and all protective works required by the drainage authority under paragraph 52, must be constructed to the reasonable satisfaction of the drainage authority and an officer of the drainage authority is entitled on giving such notice as may be reasonable in the circumstances, to inspect and watch the construction of such works. 30
- (2) The nominated undertaker must give to the drainage authority not less than 14 days’ notice of its intention to commence construction of any specified work and notice of its completion not later than 7 days after the date on which it is brought into use. 35
- (3) If any part of the works comprising a structure in, over or under a watercourse is constructed otherwise than in accordance with the requirements of this Part, the drainage authority may by notice require the nominated undertaker at the nominated undertaker’s own expense to comply with the requirements of this Part or (if the nominated undertaker so elects and the drainage authority in writing consents, such consent not to be unreasonably withheld) to remove, alter or pull down the work and, where removal is required, to restore the site to its former condition to such extent and within such limits as the drainage authority reasonably requires. 40
- (4) Subject to sub-paragraph (5), if within a reasonable period, being not less than 28 days from the date when a notice under sub-paragraph (3) is served upon the nominated undertaker, it has failed to begin taking steps to comply with the requirements of the notice and subsequently to make reasonably expeditious progress towards their implementation, the drainage authority 45

- may execute the works specified in the notice and any expenditure reasonably incurred by it in so doing is to be recoverable from the nominated undertaker.
- (5) In the event of any dispute as to whether sub-paragraph (3) is properly applicable to any work in respect of which notice has been served under that sub-paragraph, or as to the reasonableness of any requirement of such a notice, the drainage authority must not, except in an emergency, exercise the powers conferred by sub-paragraph (4) until the dispute has been finally determined. 5
- 55 (1) Subject to sub-paragraph (5) the nominated undertaker must from the commencement of the construction of the specified works maintain in good repair and condition and free from obstruction any drainage work which is situated within the limits of deviation and on land held by the nominated undertaker for the purposes or in connection with the specified works, whether the drainage work is constructed under this Act or is already in existence. 10  
15
- (2) If any such drainage work is not maintained to the reasonable satisfaction of the drainage authority, the drainage authority may by notice require the nominated undertaker to repair and restore the work, or any part of it, or (if the nominated undertaker so elects and the drainage authority in writing consents, such consent not to be unreasonably withheld or delayed), to remove the drainage work and restore the site to its former condition, to such extent and within such limits as the drainage authority reasonably requires. 20
- (3) If, within a reasonable period being not less than 28 days beginning with the date on which a notice in respect of any drainage work is served under sub-paragraph (2) on the nominated undertaker, the nominated undertaker has failed to begin taking steps to comply with the reasonable requirements of the notice and has not subsequently made reasonably expeditious progress towards their implementation, the drainage authority may do what is necessary for such compliance and may recover any expenditure reasonably incurred by it in so doing from the nominated undertaker. 25  
30
- (4) In the event of any dispute as to the reasonableness of any requirement of a notice served under sub-paragraph (2), the drainage authority must not except in a case of emergency exercise the powers of sub-paragraph (3) until the dispute has been finally determined. 35
- (5) This paragraph does not apply to—
- (a) drainage works which are vested in the drainage authority, or which the drainage authority or another person is under an obligation to maintain and is not prescribed by the powers of the Act from doing so; 40
- (b) any obstruction of a drainage work for the purpose of a work or operation authorised by the Act and carried out in accordance with the provisions of this Part.
- 56 (1) If by reason of the construction of any specified work or of the failure of any such work the efficiency of any drainage work for flood defence purposes is impaired, or that work is otherwise damaged, so as to require remedial action, such impairment or damage must be made good by the nominated undertaker to the reasonable satisfaction of the drainage authority and if the nominated undertaker fails to do so, the drainage authority may make good 45  
50

- the same and recover from the nominated undertaker the expense reasonably incurred by it in doing so.
- (2) In any case where immediate action by the drainage authority is reasonably required in order to secure that the imminent flood risk is avoided or reduced, the drainage authority may take such steps as are reasonable for the purpose, and may recover from the nominated undertaker the reasonable cost of so doing provided that notice specifying those steps is served on the nominated undertaker as soon as reasonably practicable after the drainage authority has taken, or commenced to take, the steps specified in the notice. 5  
10
- (3) Nothing in paragraphs 54, 55 or 56 authorises the drainage authority to execute works on or affecting an operational railway without the prior consent in writing of the nominated undertaker, such consent not to be unreasonably withheld.
- 57 (1) The nominated undertaker must take all such measures as may be reasonably practicable to prevent any interruption of the free passage of fish in any fishery during the construction of any specified work. 15
- (2) If by reason of—  
(a) the construction of any specified work, or  
(b) the failure of any such work, 20  
damage to a fishery is caused, or the Agency has reason to expect that such damage may be caused, the Agency may serve notice on the nominated undertaker requiring it to take such steps as may be reasonably practicable to make good the damage or, as the case may be, to protect the fishery against such damage. 25
- (3) If, within such time as may be reasonably practicable for that purpose after the receipt of written notice from the Agency of any damage or expected damage to a fishery, the nominated undertaker fails to take such steps as are described in sub-paragraph (2), the Agency may take those steps and may recover from the nominated undertaker the expense reasonably incurred by it in doing so. 30
- (4) In any case where immediate action by the Agency is reasonably required in order to secure that the risk of damage to a fishery is avoided or reduced, the Agency may take such steps as are reasonable for the purpose, and may recover from the nominated undertaker the reasonable cost of so doing provided that notice specifying those steps is served on the nominated undertaker as soon as reasonably practicable after the Agency has taken, or commenced to take, the steps specified in the notice. 35
- 58 (1) The nominated undertaker must indemnify the drainage authority from all claims, demands, proceedings or damages, which may be made or taken against, or recovered from the drainage authority by reason of— 40  
(a) any damage to any drainage work so as to impair its efficiency for flood defence purposes,  
(b) any damage to a fishery,  
(c) any raising or lowering of the water table in land adjoining the works authorised by this Act or adjoining any sewers, drains and watercourses, or 45  
(d) any flooding or increased flooding of any such lands,

- which is caused by, or results from, the construction of any specified work or any act or omission of the nominated undertaker, its contractors, agents or employees whilst engaged upon the work.
- (2) The drainage authority must give to the nominated undertaker reasonable notice of any such claim or demand and no settlement or compromise of any such claim or demand is to be made without the consent of the nominated undertaker which, if it withholds such consent, is to have the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand. 5
- 59 Nothing in paragraph 58 requires the nominated undertaker to indemnify the drainage authority in respect of any claim, demand, proceedings or damages which the drainage authority could reasonably make, take against or recover from any other person. 10
- 60 The fact that any work or thing has been executed or done in accordance with a plan approved or deemed to be approved by the drainage authority, or to its satisfaction, or in accordance with any determination under paragraph 51, does not (in the absence of negligence on the part of the drainage authority, its officers, contractors or agents) relieve the nominated undertaker from any liability under the provisions of this Part. 15
- 61 Any dispute arising between the nominated undertaker and the drainage authority under this Part is to be determined by arbitration. 20
