Subject: AW: Decision V/9h (Germany), Draft Bill

Dear Fiona,

As requested, I am glad to send you an update on the draft bill:

The Ministries completed the drafting of the Bill at the end of last week. The draft bill should be adopted by the Government at its next session on Wednesday, 22 June.

There have been some changes to the draft, following the outcome of the consultation procedure with the federal States and the organizations.

We have already initiated the translation, which will be finished in the course of summer.

Best regards
Dagmar
