Subject: AW: Decision V/9h (Germany)

Dear Fiona,

Concerning the two topics that you mentioned in our phone call yesterday I submit the following information to you:

- 1) The draft act transposing the Directive on the control of major-accident hazards involving dangerous substances, amending and subsequently repealing Council Directive 96/82/EC was adopted by the Federal Government in its session on 27 April 2016 and therefore the legislative process in Germany is initiated. The Article 3 of the adopted draft is identical to the translation that we have submitted to you on 13 April 2016.
- 2) Concerning the translation of the our draft Act amending the Environmental Appeals Act (EEA) inter alia to implement Decision V/9h that was published for consultation in week 16: Our lingual service has informed us that we will receive the translation in the middle of next week and we will then immediately submit it to the Secretariat.

Best regards

Matthias Sauer
