Fifth session

Excerpt from the addendum to the report of the fifth session of the Meeting of the Parties (ECE/MP.PP/2014/2/Add.1)*

Decision V/6 on the work programme for 2015–2017

Adopted by the Meeting of Parties to the Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters at its fifth session

The Meeting of the Parties,

Recalling its decision I/11 on the procedures for the preparation, adoption and monitoring of work programmes,

Taking into account the Strategic Plan for 2015–2020 for the Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters (Aarhus Convention) adopted through decision V/5, and the scheme of financial arrangements adopted through decision V/7,

1. *Adopts* the work programme for 2015–2017, containing the estimated costs of each activity, as set out in annex I to this decision;
2. *Agrees* upon the indicative allocation of resources and the resulting estimated costs set out in annexes I and II, subject to annual review and, as appropriate, revision by the Working Group of the Parties on the basis of annual reports provided by the secretariat pursuant to decision V/7 on financial arrangements;
3. *Encourages* Parties to endeavour to ensure that the funding of the activities of the work programme remains stable throughout the period 2015–2017;
4. *Also encourages* Parties, insofar as possible, and subject to the internal budgetary procedures of the Parties, to contribute to the Convention's trust fund for a given calendar year by 1 October of the preceding year, so as to secure staff costs for the smooth functioning of the secretariat, as a priority, and the timely and effective implementation of the priority activities of the work programme for 2015–2017;
5. *Reiterates* its commitment to implementing the Almaty Guidelines on Promoting the Principles of the Convention in International Forums (Almaty Guidelines), through all the activities of the work programme, as relevant;

* The full text of addendum to the report of the fifth session of the Meeting of the Parties (ECE/MP.PP/2014/2/Add.1) is available in English, French and Russian at http://www.unece.org/env/pp/aarhus/mop5_docs.html#.

6. *Decides* to give general priority¹ to issues related to compliance and implementation, including capacity-building;

7. *Also decides* to give particular priority to the following substantive issues:

- (a) Access to justice;
- (b) Public participation;
- (c) Access to information;

8. *Calls on* the Parties, and invites Signatories, other States and relevant intergovernmental, regional and non-governmental organizations, to contribute actively to the activities contained in the work programme;

9. *Requests* the secretariat, taking into consideration the results of the implementation of the Strategic Plan for 2015–2020 and the work programme for 2015–2017, to prepare a draft work programme for the intersessional period following the sixth session of the Meeting of the Parties, including a detailed breakdown of estimated costs, for consideration and further elaboration by the Bureau and the Working Group of the Parties, at the latest three months before the sixth session of the Meeting of the Parties, with a view to possible adoption at that meeting;

10. *Further requests* the secretariat to ensure that an estimated costing for each draft decision finalized by the Working Group of the Parties during the intersessional period is properly reflected in the draft work programme for 2018–2020, in due time for the preparation of the sixth session of the Meeting of the Parties, in order to enable Parties to better prioritize activities and allocate sufficient financial resources in the budget to take them forward.

¹ The primary function of the prioritization indicated in paragraphs 6 and 7, apart from explaining and reflecting the proposed allocation of resources in the annexes, is to provide guidance in situations in which there is a significant discrepancy between the actual income and the estimated financial requirement. If there is a significant shortfall in resources, then savings need to be made, and the prioritization provides guidance as to where those savings should be made. If there are surplus resources that are not earmarked, then the prioritization provides guidance as to how that surplus may be used. If the resources available closely match the estimated requirements set out in the annexes, the resources can simply be applied as indicated therein, i.e., there is no need for any further exercise of prioritization.

^c Professional staff costs are estimated by multiplying expected staff time in each activity area by the projected annual salary costs of staff hired at the level indicated.

Capacity-building activities relating to a specific topic under the Convention (e.g., electronic information tools, access to justice) are covered under those activity areas.

^e In line with past practice, it is anticipated that some publications will be funded from the United Nations regular budget.

^f Including provision of legal advice and general tasks.

^g Costs are reported under work area X.

In the event that currently available staff funded by the 13 per cent programme support costs, levied from the trust funds of the ECE Environment Division, is discontinued, the secretarial support at the G-5 level will need to be increased to 100 per cent throughout the triennium, as shown in the table above.

Annex III**Overview of extrabudgetary staff needs to be covered from the Convention trust fund²**

1. The following estimation of staff needs for the period 2015–2017 is based on the experience with regard to the implementation of the work programme for 2012–2014.
