The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country, territory, city or area, or of its authorities, or concerning the delimitation of its frontiers or boundaries.

The approach to geographical names in this publication is not uniform. English names have been used in some cases and local names in others. For rivers and lakes, the name used is the one in use in the largest share of applicable territory. In maps, local names have been used to the extent possible.

Symbols of United Nations documents are composed of capital letters combined with figures. Mention of such a symbol indicates a reference to a United Nations document.
